The hours requested for the sale of alcohol at the premises are Monday to Sunday from 06.00 to 06.00 the following day. Representations

A representation has been made by Lancashire Constabulary relating to the protection of children from harm and crime and disorder. Representations have also been received from the above residents relating to the protection of children from harm.

Under Section 18(3) of the Act, it is therefore necessary for a hearing to be held to consider the application, as representations have been received from interested parties as named above.

Copies of the representations are at Document 2 and the locations of the addresses of the interested parties are marked on the map at Document 3.

Members are reminded that a person must live in the vicinity of the premises to be able to make a relevant representation. Whilst 'vicinity' is not defined in the Act, Members should consider whether the resident is likely to be directly affected by disorder and disturbance occurring or potentially occurring on the premises or immediately outside the premises.

Notice of Hearing

In accordance with the relevant Regulations, the parties have been given notice of the hearing. The parties have been required in accordance with the Regulations to indicate at least five working days before the hearing whether they intend to attend and/or be represented at the hearing and if they wish any witness to appear at the hearing. Any responses and any further documentation submitted by any of the parties after the circulation of this agenda will be circulated to Members in advance of the meeting. Members are reminded that documentary or other information submitted on the day of the hearing may only be taken into account with the consent of the Sub-Committee and all the parties.

Matter for Decision

The Sub-Committee is requested to consider the application and the representation.

This is in accordance with Section 18(2),(3), (4) and (5) of the Act which provide as follows:

- (2) Subject to subsection (3), the authority must grant the licence in accordance with the application subject only to –
 - (a) such conditions as are consistent with the operating schedule accompanying the application, and
 - (b) any conditions which must under section 19, 20 or 21 be included in the licence.
- (3) Where relevant representations are made, the authority must-
 - (a) hold a hearing to consider them, unless the authority, the applicant and each person who has made such representations agree that a hearing is unnecessary, and
 - (b) having regard to the representations, take such of the steps mentioned in subsection (4) (if any) as it considers necessary for the promotion of the licensing objectives.
- (4) The steps are-
 - (a) to grant the licence subject to –
 - (i) the conditions mentioned in subsection 2 (a) modified to such extent as the authority considers necessary for the promotion of the licensing objectives and
 - (ii) any condition which must under section 19,20 or 21 be included in the licence;
 - (b) to exclude from the scope of the licence any of the licensable activities to which the application relates;
 - (c) to refuse to specify a person in the licence as the premises supervisor;

(d) to reject the application;

(5) For this purposes of subsection (4)(a)(i) the conditions mentioned in subsection (2)(a) are modified if any of them is altered or omitted or any new condition is added.

Members are reminded that the licensing objectives are:

- the prevention of crime and disorder
- public safety
- the prevention of public nuisance and
- the protection of children from harm

Government Guidance under Section 182 of the Licensing Act 2003

Members may wish to note that paragraph 2.33 of the Guidance issued by the Government under Section 182 of the Licensing Act 2003 states that public nuisance is “not narrowly defined in the 2003 Act and retains its broad common law meaning. It is important to remember that the prevention of public nuisance could therefore include low-level nuisance perhaps affecting a few people living locally as well as major disturbance affecting the whole community”.

Relevant Parts of the Council’s Statement of Licensing Policy

With regard to the protection of children from harm the Policy provides as follows:

- 7.1 The Licensing Authority recognises the great variety of premises for which licences may be sought. These will include theatres, cinemas, restaurants, pubs, nightclubs, cafes, take-aways, community halls and schools. Access by children to all types of premises will not be limited in any way unless it is considered necessary to do so in order to protect them from physical, moral or psychological harm. Equally, no premises will be obliged to allow access by children.
- 7.2 If relevant representations are received in relation to limiting access to children, the Licensing Authority will judge each application on its own individual merits. Examples which may give rise to concern in respect of children would include premises:-
- where entertainment of an adult or sexual nature is provided
 - where there is a strong element of gambling taking place (but not, for example, the simple presence of a small number of cash prize gaming machines)
 - with a known association with drug taking or dealing
 - where there have been convictions of current members of staff for serving alcohol to those under 18
 - with a reputation for under age drinking
- 7.3 In the case of premises which are used for film exhibitions, conditions will be imposed restricting access only to those who meet the required age limit in line with any certificate granted by the British Board of Film Classification or, in specific cases, a certificate given to the film by the Licensing Authority itself.
- 7.4 The options available for limiting access by children would include:-

- a limit on the hours when children may be present
 - a limitation or exclusion when certain activities are taking place
 - the requirement to be accompanied by an adult
 - access may be limited to parts of the premises but not the whole
 - an age limitation (for under 18s)
- 7.5 The Licensing Authority will not impose any condition which specifically requires access for children to be provided at any premises. Where no restriction or limitation is imposed the issue of access will remain a matter for the discretion of the individual licensee or club.
- 7.6 Under the Act, certain “responsible authorities” must be notified of and are entitled to make representations about applications for premises licences or club premises certificates or major variations of such licences or certificates, or to ask the licensing authority to review a licence or certificate. Applicants for premises licences and club premises certificates are required to send details of their applications to these bodies. In connection with the protection of children the Licensing Authority considers the local Area Child Protection Committee to be the responsible body to which applications should be copied.
- 7.7 Where a large number of children are likely to be present on any licensed premises, for example a children’s show or disco, the applicant may wish to consider including in the operating schedule arrangements for the presence of an appropriate number of adult staff to ensure public safety and the protection of the children from harm. The applicant should also consider whether employees working at the premises for such events and having unsupervised contact with children should have an enhanced Criminal Records Bureau check.
- 7.8 Children may also be present at an event as entertainers, and where they are not accompanied by a parent or guardian, the applicant may wish to consider nominating an adult responsible for such child performers at such performances. The applicant should also consider whether a nominated adult should have had an enhanced CRB check.
- 7.9 Applicants may wish to include in their operating schedules arrangements to ensure that children will be restricted from viewing age-restricted films classified according to the recommendations of the British Board of Film Classification or the Licensing Authority itself. The Act provides that it is mandatory for a condition to be included in all premises licences and club premises certificates authorising the exhibition of films for the admission of children to the exhibition of any film to be restricted in accordance with the recommendations given to films either by the British Board of Film Classification or by the licensing authority itself.
- 7.10 The following matters will also be considered in relation to the protection of children from harm:
- Whether access of children to cigarette machines is restricted
 - Whether access of children to any gaming machines is restricted
 - Where appropriate, the procedures for ensuring that any customer coming onto the premises is over the age of 18
 - The steps taken to ensure that, where appropriate, all staff involved in the management of the premises have the capability, responsibility and training to

supervise other staff and to ensure that the premises are operated in such a manner as to protect children from harm

- 7.11 Applicants may wish to indicate in the operating schedule how the protection of children from harm will be addressed. The above items are not intended to be exhaustive, and the applicant should have considered all relevant aspects of the protection of children from harm applicable to the particular premises.

With regard to the prevention of crime and disorder the Policy provides as follows:

9. The prevention of crime and disorder

- 9.1 The central concerns of licensing in relation to law and order are acts of violence and vandalism brought about by consumption of alcohol and the use of licensed premises as part of a distribution network for illegal drugs.
- 9.2 It is not the function of licensing to impose good practice in the adoption of wider crime reduction measures, such as those for securing premises outside of trading hours. It is also not a purpose of licensing to require that measures be put in place to enhance the opportunities for gathering evidence in relation to crime of a general nature. However, the Licensing Authority recognises that CCTV cameras at premises have an important role in preventing crime and disorder.
- 9.4 The Licensing Authority's starting point is to seek a reduction in crime and disorder throughout the area, consistent with its statutory duty under section 17 of the Crime and Disorder Act 1998. Licences may be granted if applicants can demonstrate that a positive reduction in crime and disorder will result, or that it will not increase, as a result of the application being granted.
- 9.5 Where there are relevant representations, the Licensing Authority will generally not grant a licence where it is likely that the premises will be used for unlawful purposes or where it is considered that the use of the premises is likely to cause an increase in crime and disorder in the area or the premises and this cannot be prevented by the imposition of conditions. When addressing crime and disorder, the applicant should identify any particular issues which are likely to adversely affect the promotion of the objective to prevent crime and disorder, taking account the location, size and likely clientele of the premises, and the type of entertainment (if any) to be provided. Such steps as are required to deal with these issues should be included within the applicant's operating schedule, and may include:
- Use of CCTV inside and outside the premises. The Lancashire Constabulary has produced suggested minimum requirements for CCTV and these are available from the Lancashire Constabulary or from the Licensing Authority's administrative staff
 - Use of metal detection or other search equipment or procedures
 - Crime and disorder risk assessment in relation to the proposed activities
 - Measures to prevent the use or supply of illegal drugs and procedures for searching customers
 - Ensuring that all staff are appropriately trained
 - Ensuring that all staff involved in the management of the premises have the capability, responsibility and training to supervise other staff and to ensure that the premises are operated in such a manner as to prevent crime and disorder
 - Employment of sufficient security staff where appropriate, controlling admission, monitoring capacity within the premises as a whole and in separate rooms/levels

and patrolling the interior and exterior of the premises (any such staff must be licensed by the Security Industry Authority). The Licensing Authority recognises that there is a greater need for security staff in some premises than in others. For example there will be a greater need for security staff in a town centre nightclub than in a village pub. It will be for the applicant to consider the appropriate number of doorstaff required for the particular premises.

- Ensuring that a register of doorstaff and their working times is maintained
- Participation in Pub Watch, Best Bar None or other relevant schemes and using radio links/pages as a means of connecting to other licensed premises.
- Use of plastic or polycarbonate glasses and bottles, where appropriate, or toughened glass. Applicants are advised that the Government believes that a risk-based, rather than blanket, approach to requiring licensed premises to use safer alternatives is the best way to tackle the problem of glass-related injuries
- Wherever possible, agreed protocols with police and other organisations and a commitment to co-operate and provide such evidence as the Police require.
- Adopting the “Night Safe Initiative” and “Safer Clubbing Guide” as statements of best practice
- Following the trade codes of practice, for example BBPA and Portman Group, and not carrying out any irresponsible drinks promotions
- Providing a suitable environment for customers having regard to the activities going on in the premises, in particular appropriate levels of seating
- Ensuring that there are sufficient transport facilities available to ensure that customers can leave the premises safely and swiftly.
- Maintaining an incident log
- The steps the applicant has taken to prevent crime and disorder issues from occurring in any open air parts of the premises, beer gardens, smoking shelters or areas that are used on an ad-hoc basis by patrons with the management consent for smoking, due to location, control within and management of such areas.

Members will of course be mindful that the Policy covers all types of premises in all types of location, and that not all the measures referred to above will be relevant to all premises.

Members are reminded that they should consider each application on its merits, and in the light of all the written and oral information before them at the hearing.

Natural Justice and Human Rights

Members are reminded that they must follow the rules of natural justice, and must also consider human rights implications.

In particular, in accordance with Article 6, all parties are entitled to a fair hearing.

Consideration also needs to be given to the right to respect for private and family life and home, contained within Article 8, although this is a qualified right, and interference is permitted where this is in accordance with the law, or is necessary in a democratic society in the interests of public safety or the prevention of crime and disorder, or for the protection of the rights and freedoms of others. Article 1 of the First Protocol provides that every person is entitled to the peaceful enjoyment of his possessions, although again this right is qualified in the public interest.

Conclusion

Members should consider whether to grant the application, modify any conditions of the licence, refuse to specify a person in the licence as the premises supervisor or to reject the whole application. Members are reminded that they should state the reasons for their decision.
