Details of Decision:			
Award of contract to IDOX Software Ltd for the Provision of Hosted Case Record Management System.			
Reasons for the decision:			
<p>The current system for Case Record Management for Planning is not supported and has received two 'patches' over recent years. A new system is now required to ensure security and compliance with PCN and continuity of service. A cross service team from IS and Planning have worked together to identify a replacement for the current system.</p> <p>The proposed contract for acceptance will save officer time and is significantly better value than the current outdated system. IDOX Software Ltd have been selected as they are the most economically advantageous supplier.</p>
