

## STANDARDS COMMITTEE

10.00 A.M.

1ST OCTOBER 2009

### PRESENT:-

Councillors Keith Budden, Roger Dennison, Sheila Denwood, John Gilbert, Sarah Fishwick and Ian McCulloch

Independent Members Stephen Lamley (Chairman), David Jordison and Sue McIntyre

Parish Council Representative Susan O'Brien and Frank Senior

#### Apologies for Absence

Councillors Janie Kirkman and Joyce Taylor

Independent Member Tony James

Parish Council Representatives Margaret Davey and Paul Gardner

#### Officers in attendance:-

Sarah Taylor                      Head of Legal and Human Resources and  
Monitoring Officer

Ron Matthews                      Senior Democratic Support Officer

### 11        **MINUTES**

The Minutes of the meeting held 18<sup>th</sup> June, 2009, were agreed as a true and accurate record.

### 12        **ITEMS OF URGENT BUSINESS AUTHORISED BY THE CHAIRMAN**

There were none.

### 13        **DECLARATIONS OF INTEREST**

There were none.

### 14        **REVIEW OF ASSESSMENT CRITERIA**

The Monitoring Officer reported that at its meeting on 18<sup>th</sup> June, 2009, the Committee reviewed its complaints procedure documentation, including the Assessment Criteria.

At that time, minute 10 refers, the Committee, resolved:

- 1)        That a statement be included in the introduction of the complaints form indicating that guidance on completing the form was attached
- 2)        That the section on "other action" in the guidance be amended to emphasise that a referral for "other action" is not a finding of breach of the Code of Conduct.

- 3) That the Monitoring Officer be requested to consider an amendment to B1 of the Assessment Criteria, removing the reference to "cost", and to report back to a future meeting of the Committee.
- 4) That the complaints documentation and procedure be kept under review from time to time.

In relation to 3 above the Monitoring Officer had reviewed the Assessment Criteria adopted by a number of local authorities and whilst some had adopted a criteria similar to B1 the reference to cost was by no means uniform and was not a Standards for England requirement. She suggested the following amendment:

"Where the allegation discloses a potential breach of the Code of Conduct sufficiently serious, if proven, to warrant a sanction, and where it would be in the public interest to investigate."

***Resolved:***

That the proposed amendment to paragraph B1 of the Assessment Criteria for referring an allegation to the Monitoring Officer for investigation, as set out above, be approved.

## 15 SUMMARY OF COMPLAINTS

The Monitoring Officer reported that the Committee's work programme provided for the Committee to receive information about the number of complaints received and their outcome at six monthly intervals.

Attached to the report was a table summarising the situation since April which indicated one complaint that had not been finalised at the time of the April meeting and one further complaint received since.

***Resolved:***

That the report be noted.

## 16 STANDARDS BOARD GUIDANCE ON DISPENSATIONS

The Committee considered the report of the Monitoring Officer which indicated that at its meeting on 18<sup>th</sup> June, 2009, the Committee had received a report on the Standards Committee (Further Provisions) (England) Regulations 2009, which included new provisions clarifying the grounds on which standards committees may grant dispensations to local authority members.

If a member acts in accordance with a dispensation, any participation in business prohibited by the mandatory provisions of the Code of Conduct will not constitute a failure to comply with the Code.

The circumstances where a standards committee may grant a dispensation to a member or co-opted member were:

- Where more than 50% of the members who would, but for the granting of any dispensations in relation to that business, be entitled to vote at a meeting, are prohibited from voting; or

- Where the number of members that are prohibited from voting at the meeting would, but for the granting of any dispensation in relation to that business, upset the political balance of the meeting to the extent that the outcome of voting would be prejudiced.

A request for dispensation must be submitted in writing to the standards committee. A dispensation can only be granted in respect of business arising in the period of four years following the grant of the dispensation.

The Standards Board had now published guidance for standards committees on dispensations and a copy of the Guidance was appended to the report. It was recommended that whenever a request was received for dispensation it should be considered by the Committee on its own merits taking account of the Standards for England Guidance.

The Guidance also indicated that standards committees should consider if a member submitting a written request should be allowed to make oral representations to the committee or whether the application would be dealt with only through written representation. The Committee was requested to consider this matter.

Furthermore the standards committees may, if they so choose, set up a sub-committee to consider requests for dispensations.

***Resolved:***

- 1) That the Committee agree that each request for dispensation be considered on its merits, taking account of the Standards Board Guidance.
- 2) That the Committee delegate to an ad hoc sub-committee of three members, chaired by an independent member, the authority to determine applications for dispensations, and that such sub-committees be convened by the Head of Democratic Services in the same way as Assessment Sub-Committee.
- 3) That applications for dispensations be submitted in writing and that the applicant be permitted to attend before the Sub-Committee to make representations and be required to attend if so requested by the committee to provide further information.

## **17 WORK PROGRAMME**

The Monitoring Officer submitted a report detailing progress on the Committee's work programme for 2009. The Committee were advised that there had been no further consultation on the proposed revised Code of Conduct and that the internal ethical governance survey was due to commence shortly. The remaining items had either been completed and reported previously or were on the agenda for the meeting.

The Chairman made reference to the training undertaken by the Monitoring Officer for the new Morecambe Town Council which he had also attended for part of the session. The meeting had been well attended by members of the Town Council.

***Resolved:***

That the work programme be noted.

**18 REVIEW OF THE PLANNING PROTOCOL (Pages 1 - 11)**

The Committee considered a report from the Monitoring Officer on a review of the Planning Protocol, to which she had made some minor amendments, mainly to reflect the fact that Code of Conduct complaints were now made to the Standards Committee rather than to Standards for England.

A copy of the Protocol, with the proposed amendments highlighted, was attached to the report.

The proposed amendments to the Protocol also included those suggested by the Head of Planning and the Head of Democratic Services.

The Protocol had worked well in the past, and officers were satisfied that, with the proposed amendments, it reflected current good practice.

In considering the report the Committee recommended further minor amendments to the protocol.

Concern was expressed regarding the addition of potential meetings with applicants of major strategic developments and the danger this presented to Planning Committee members in inadvertently breaching the Code of Conduct.

Following consideration by the Standards Committee amendments to the Protocol would be forwarded to the Council Business Committee for approval.

***Resolved:***

- 1) That the proposed amendments to the Planning Protocol, as now outlined, and as appended to the minutes, be forwarded to the Council Business Committee for approval and inclusion in the Council's Constitution.
- 2) That officers be requested to arrange additional awareness training for Planning Committee members and their substitutes on the amendments to the Protocol, and in particular the new arrangements for members involvement in major planning applications.

---

Chairman

(The meeting ended at 10.42 a.m.)

**Any queries regarding these Minutes, please contact  
Ron Matthews, Democratic Services**

## Part 7, Section 5

### Protocol on Planning Procedure

#### 1 Introduction

The purpose of this protocol is to provide Members with guidance regarding their role in determining planning applications, in particular, when interacting with applicants, objectors or developers. Ward members who are not members of the Planning and Highways Regulatory Committee (referred to as the Planning Committee) but who want to address the Committee, also require guidance on interaction over their contact with applicants developers and objectors.

The protocol is designed to offer that guidance and help Members understand their role and the responsibilities associated with that role, and to ensure that in the planning process there are no grounds for suggesting that a decision has been biased, partial or not well founded in any way.

In addition, the Audit Commission has also raised the need for a protocol on planning in its document, "Probity in Planning". This protocol sets out detailed guidance for Members, but, in summary, the most important issues for Members to consider are as follows:

- The Code of Conduct, and in particular whether a Member has a personal interest, and if so whether that personal interest is also a prejudicial interest
- Aside from the Code of Conduct, whether there is any legal reason why a Member should not participate in a particular decision
- The need to exercise care and caution in any contact with applicants, developers and objectors
- The dangers of lobbying or being lobbied

#### 2 Natural Justice

These principles apply throughout public administration. They are fundamental principles of administrative law and should be adhered to when determining any planning application.

The two principles of Natural Justice are :-

- (a) The rule against bias
- (b) The duty to act fairly/duty to hear both sides or the other side.

#### 3 The Rule Against Bias

The first principle means that no Member should remain and be a party to a decision which affects their own interests. This is largely covered by the process by which Members declare interests.

In addition to the common law rule against bias, Members must be mindful of the provisions of the Council's Code of Conduct with regard to personal and prejudicial interests, referred to below.

If Members are in any doubt about the application of the Code of Conduct, they should seek advice early, from the Monitoring Officer, Deputy Monitoring Officer or one of their staff.

Failure to comply with the Code of Conduct may have implications for the individual Member, as there may be a complaint to the Standards Committee. There may also be implications for the decision making process, with criticism of the Planning Committee and possible challenge to the decision on the basis that a Member with an interest remained within the Council Chamber and tainted the integrity of the decision.

#### 4 **The duty to act fairly/hear both sides or the other side - Predetermination and Predisposition**

“Predetermination” is where a Member is closed to the merits of any arguments relating to a particular application, and makes a decision without taking them into account.

“Predisposition” is where a Member holds a view in favour of or against an application, but has an open mind to the merits of the argument before making a final decision.

Predisposition is acceptable; predetermination is not.

The decision making body must consider all relevant information before coming to its decision. The Member’s mind should not be closed until the final decision is made. A Member’s mind will be closed if they have already come to a decision on an application prior to entering the Council Chamber. This is predetermination. A decision will be open to challenge if a Member appears to have already decided how they will vote at the meeting so that nothing will change their mind. This impression can be created in a number of different ways such as quotes given in the press, and what they have said at meetings or written in correspondence.

However, simply listening to or receiving viewpoints from residents or other interested parties, seeking information through appropriate channels, or making comments to residents, interested parties or other Members or appropriate officers will not constitute predetermination, provided that the Member makes it clear that they are keeping an open mind.

It is not a problem for Members to be “predisposed”, holding a view but having an open mind and being open to persuasion against that view. This includes having formed a preliminary view about how they will vote before they attend the meeting, and/or expressing that view publicly, provided it is clear that their mind is not closed to countervailing arguments.

#### 5 **Example of Maladministration**

The Local Ombudsman some time ago made a finding of maladministration against a council because a Member failed to declare an interest and leave the meeting. The Member had a house that was situated near to and affected by a planning proposal. The Member did not declare an interest and remained in the Chamber and voted on the application.

It is important to the integrity of the Planning process and to open and honest governance that justice must not only be done to the planning application – but also that it is seen to be done, thereby giving the public confidence in the system.

There have also been examples of maladministration where Members have encouraged their colleagues to set aside the advice of professional officers by introducing factors which do not amount to material planning considerations. These can include personal circumstances, or land ownership issues. Members should always stick only to valid planning considerations.

#### 6. **Declarations of Interest and Leaving the Chamber**

Personal interests and prejudicial interests are defined in Part 2 of the Council's Code of Conduct. It is important to note that if an interest does not fall within the definition of a personal interest, it cannot be a prejudicial interest.

Under the Code of Conduct, where a decision might reasonably be regarded as affecting the well-being or financial position of a Member, or that of a relative or close associate of theirs, or of a body to which the Member is appointed by the Council, or a body of which the Member is a member which exercises functions of a public nature, is directed to charitable purposes, or whose principal purposes is the influence of public opinion or policy, the Member must declare a personal interest. The phrase "close associate" is not defined in the Code, but covers both social and business associations. The Code of Conduct also requires Members to declare a personal interest in any matter that relates to an interest included in their register of interests.

Where a Member has a personal interest as set out in the Code of Conduct, they must give careful consideration as to whether that interest is also a prejudicial interest (that is, one which a member of the public with knowledge of the facts would reasonably regard as so significant that it is likely to prejudice the Member's judgement of the public interest). In other words, the interest must be perceived as likely to harm or impair the Member's ability to judge the public interest. Simply knowing the applicant does not necessarily equate to a prejudicial interest.

The Code of Conduct provides that a prejudicial interest does not arise where the decision does not affect the financial position of the Member or their interests, or does not relate to a licensing or regulatory matter affecting the Member or a person or body in which they have a personal interest.

If the personal interest is not a prejudicial interest, the existence and nature of the interest must be disclosed to the meeting.

Where a Member has a personal interest which is also a prejudicial interest under the Code of Conduct, the general rule is that they must leave the chamber – they are not permitted to return to the public gallery for the debate and they should not be seen by other Members when they are making the decision. This is a requirement of the Code of Conduct. If a Member who had declared an interest was present or could be seen to watch the proceedings, this could be sufficient to taint the process.

However, as an exception to the general rule, the Code of Conduct allows a Member who has a personal and prejudicial interest to participate in the same manner that would apply to an ordinary member of the public, that is, in the public participation part of the meeting, but the Member must then leave the room immediately after making such representations.

Dispensations from the Standards Committee may be available in limited circumstances. Advice on this should be sought from the Monitoring Officer.

When declaring interests at meetings, Members should make it clear what level of interest they are declaring, and whether the interest prevents them from taking part in the decision making process.

## 7. **Party Politics**

A Member must not blindly follow the recommendations of their political party. A decision on a particular planning application should not be dictated by party politics. Party whips should

never be used. The Member is part of the decision making body. As far as planning applications are concerned the decision making body is the Planning Committee. That Committee sits in a quasi-judicial manner and each decision is made on its own merits, within the Development Plan framework, supported by legislation, government advice and other Council land use policies. Therefore each decision has to be made on the information put before the Committee and should take into account the development plan, the impact of the individual development and any individual site characteristics – not party politics.

## 8. Allegations of Bias

In the Planning Committee the time for decision making is after the Members have heard all relevant considerations i.e. after the application has been presented to the Members in the Committee meeting and when the presentation of the application is completed. Therefore, a decision should not be made before the agenda is sent out, at a site visit or immediately before the meeting begins. If a Member has made their mind up before the application is fully presented then this renders the decision open to challenge. This would be on the basis that the application was predetermined, was not considered fairly and that the Member's conduct showed bias. To predetermine an application flies in the face of the principle of the rule 'to hear both sides'.

Council, at its meeting on the 19th November 2008, resolved that Cabinet Members should not sit on the Planning Committee for items directly related to those which have been previously considered by Cabinet (whether they were present for that particular Cabinet item or not). The rationale for this is that where the Council is the applicant or the landowner, and a Member is both a Member of the Planning Committee and also a Cabinet Member with ongoing land-owning responsibilities, it is arguable that the issue of predetermination and bias might arise as a result of the Member's perceived proximity to the proposal through discussions in Cabinet. The Council resolution removes this risk.

However, the simple fact that a Member has been involved in a decision to promote the development of land in the public interest, does not necessarily prevent them from making decisions on the matters of detail. Members approving specific land use allocations in a Local Development Framework for example, would not be prevented from deciding subsequent planning applications. They would be expected to use their decision making abilities to ensure that schemes conform with the requirements of the Framework.

## 9. Media Exposure

A Member of the Planning Committee should never make any public declaration on an application until the application has been determined. If a Member makes a statement that is one-sided prior to the application being determined then that Member is at risk from an allegation of bias i.e. they have not kept their mind open until all matters are before them. In these circumstances it may be inappropriate for the Member to take part in the decision making process to ensure the decision is not tainted. This will be particularly important where there is adverse public reaction to a planning application in the local press some time before the application has received a recommendation from Officers.

## 10. Parish Councillors

A Member of the Planning Committee who is also a parish councillor may speak and vote at both parish and City Council level on the same planning issue (unless the application has been made by the parish council). Members who take this course of action will need to declare membership of the parish council as a personal interest at City Council level.

As indicated above, Members are under an obligation to approach decision-making with an open mind, prepared to listen to all sides of the argument. Dual-hatted Members who choose to speak and vote at parish and City Council level will need to make it very clear that their vote at parish level represents a preliminary view and that they will reconsider the matter afresh at City Council level. Failure to do so may result in a challenge on the grounds of predetermination.

Different considerations will apply if the parish council is the applicant in relation to a particular planning application. In that situation a parish councillor would be likely to have a prejudicial interest at the Planning Committee.

It must always be remembered that debate at parish council meetings takes place without professional advice from a Chartered Town Planner. It is likely, therefore, that considerations may involve matters not properly restricted to planning considerations. City Council Members involved in such discussions should take specific care to qualify their views accordingly.

## 11. **Lobby Groups**

A Member of the Planning Committee who is a member of a lobbying group which has publicly expressed support for or against a planning application will need to consider whether they have a personal and prejudicial interest, and whether there is any other reason outside the Code (such as bias or predetermination) why they should not participate in the decision.

Members are required to declare a personal interest if they are a member of a group that lobbies or campaigns about an issue that comes up for discussion or decision. However, a member will not have a prejudicial interest in a developer's planning proposals against which they and their lobby group campaigned if they or any other person or body in which they have a personal interest are not affected financially by the matter. It is not relevant for the purposes of the revised Code that the planning proposal will impact on the aims of the lobby or campaign group the member belongs to. The Code is focused on the actions of individuals and as such is about preventing improper personal advantage.

A Member who belongs to a general interest group, such as a local civic society, should disclose a personal interest where that organisation has made representations on a particular proposal, and should make it clear that the Member has reserved judgement and the independence to make up their own mind on each separate proposal.

Further guidance can be obtained from the Standards Board publication "Lobby groups, dual-hatted members and the Code of Conduct", and the Standards Board Occasional Paper "Predisposition, Predetermination or Bias, and the Code".

## 12. **Contact by an Applicant Agent or Developer**

It is inevitable that Planning Committee Members will be approached frequently by a variety of people during the planning process. It is therefore important that Members of the Committee are clear on the nature of the advice and the comments that they give.

Members of the Planning Committee should avoid giving any commitment or the impression of any commitment or view that is held regarding any particular planning application yet to be determined or any matter that may result in the submission of a planning application. It is inappropriate for a Committee Member to meet with the Applicant or Developer to discuss the proposals. Instead they should be directed to the Head of Planning Services and his staff. Equally, any Member of the Committee requiring further information about the application should contact the Head of Planning Services and his staff.

If a meeting or telephone call does take place then Members of the Committee are advised to avoid comments which infer predetermination such as:

- 'I am completely against any development there'
- 'I am all for any kind of economic regeneration'
- 'The developer X normally builds to a high standard'

Any significant contact with the applicant or other parties should be reported to the Head of Planning Services, explaining the nature and purpose of the contacts and the Member's involvement in them.

Recent national changes in the planning system have led the Government to encourage Member involvement in major planning applications. The department for Communities and Local Government stated in 2008 that "for large, complex development of strategic importance, Members should be engaged in the process".

There may therefore be circumstances where officers of the Planning Service invite Members to participate in meetings regarding major, complex planning applications. These will be minuted by Planning Officers and will be likely to involve not just Members and the applicant/developer, but statutory planning consultees too.

During such meetings, it is important that the decision-making function of Members is not compromised. Therefore, Members should not express views about the planning merits of the proposal that would lead to allegations of predetermination, nor should they engage separately with the Developer. Their attendance at the meeting is to enable them to be informed of the proposals and make suggestions (where necessary) about matters that they would like the future planning application to address. Any suggestions must be referred to the Head of Planning Services, so that these may be incorporated in officers' negotiations with the developer. To ensure that the final decision making process remains unfettered, under no circumstances should suggestions be made by members direct to the developer.

.

### **13. Presentations by applicants/developers**

Where a meeting has been arranged by the Planning Service in respect of proposals of major, strategic importance, there is nothing to prevent members from attending. However, their attendance must be in accordance with paragraph 12 of this Protocol.

.Where planning proposals do not involve major, strategic development, a meeting between a Member or Members of the Planning Committee and the applicant or developer is unlikely to be facilitated by the Planning Service, and will almost certainly be unnecessary. In the rare circumstances where a meeting does take place between a Member and the applicant or developer, or where the developer makes a presentation specifically for members of the Planning Committee, it is essential that an officer is present and the meeting properly minuted. Any feedback from members should be to officers and not to the developer. The

minutes of any such meeting or presentation should be reported to the Planning Committee prior to any decision being made.

Where a public meeting is arranged by a developer to present a proposal to local residents or the local community, it is likely that an officer will not be present. Members of the Planning Committee may attend, but should do so only as observers, and should not express any formal or definitive views, whether asked to do so by the developer or by a member of the public.

14. **Approach by a Constituent**

If a constituent approaches a Member about an application Members can give advice on planning procedure rules and policy so far as they are able but it is always advisable to direct the constituent to staff of the Planning Service in any event. When speaking to constituents Members must not give any impression of any commitment to the application itself.

15. **Approach by a Non-Constituent**

If a non-constituent approaches a Member, Members can advise the person on planning procedure rules and policy as far as they are able or alternatively ask them to contact their own Ward Member or the Head of Planning Services and his staff.

16. **Disclosure of Information**

It is important that Members are clear on what information is a matter of public record and what information is not. Details contained within the planning application are open to the public and the planning process and planning policies are all within the public domain. However, informal observations of the Planning staff will not be information available to the public. If a Member wishes to rely on the observations or comments of the officer then the Member must ask the officer if the information is of a public or confidential nature. If the Member intends to refer such information to a member of the public i.e. not a Council Member, they must make this clear to the officer.

17. **Hospitality Offered to Members**

It is advisable in all circumstances to simply refuse any hospitality. To accept creates the risk that there has been undue influence on the planning process. In the rare event that the hospitality of an estimated value in excess of £25 is accepted it must be registered as a personal interest under Paragraph 8 of the Council's Code of Conduct. It must also be declared as a personal interest at any meeting within the next three years where an item of business relating to the source of the hospitality is considered..

18. **Lobbying of Planning Officers**

Members must recognise that they are part of the organisation which employs professional staff who will make their recommendations on planning applications. Public confidence in the planning system is dependent on planning officers being able to reach open and impartial recommendations on applications, based on lawful planning considerations only, without being improperly influenced in reaching their conclusions by political pressure. Whilst it is entirely proper for Members to enquire about progress on applications and to ask for clarification about the reasons for any recommendation, they must take particular care to ensure that they do not give the impression of applying pressure to officers to make any changes to their recommendations. To do so would leave them open to accusations of applying inappropriate pressure in the form of lobbying.

19. **Lobbying of the Planning Committee by other Members**

Members should not give an impression of any commitment or view on the application itself and Planning Committee Members must consider all matters before forming a view. If the lobbying Member is an applicant the Committee Member must critically assess their relationship to the Applicant-Member. The test is to ask yourself 'is the relationship such that a reasonable person would consider that remaining in the Planning Committee meeting when the decision is made would give the impression of bias'. Simply being a member of the same political party does not necessarily equate to a personal or prejudicial interest but Members must ask themselves about their relationship, e.g. Are they close associates outside the political arena? Do they socialise with each other? .

20. **Social Contact**

Members of the Planning Committee should minimise their direct social contact with known developers and agents, especially when developments are contemplated or applications are being proposed or when controversial decisions are likely to be needed.

21. **Site Visits – Informal or Formal**

Again, if Members of the Planning Committee, whether or not on a site visit, enter any premises which –

- are the subject of/ affected by a planning application or
- are known to be likely to become subject to or affected by a planning application

for any purpose in connection with such an application/proposed application, the Members should be careful to use the inspection purely as a fact-finding exercise and not express any opinion on the merits of the application. Members must not give any kind of indication of what their views of the application are at this stage as they would be at risk of predetermining the issue.

It is recommended that a member of the Planning Committee should not enter a site which is subject to a proposal, other than as part of an official site visit, unless the member feels that it is essential to visit the site other than through attending the official site visit, and the member has first spoken to the Planning Officer about their intention to do so and why (which will be recorded on the file).

22. **Purpose of Formal Visits**

The purpose of a Planning Committee site visit is to give Members the opportunity to see the prospective development site and to see it in context, in relation to the surrounding areas and the neighbouring uses. The Planning Officer will normally identify the site and make a short factual presentation explaining the proposed development and perhaps highlighting issues which initially prompted the site visit. The Planning Officer will answer, where possible, questions raised by Members.

Site visits are not intended to pre-empt the debate. Questions should therefore relate to matters of factual information about the site, the development and the surrounding area rather than a detailed debate regarding the principle or merits of the proposal. Any detailed debate regarding the above should await the formal Committee meeting when all Members of the Committee and members of the public who attend can hear the arguments in a proper setting.

23. **Public Attendance at Formal Site Visits**

Members will often be met by numbers of local residents at a site visit as they are often high profile cases which are under consideration. It is important that the Planning Officer or the Democratic Support Officer explains clearly the purpose of the site visit to residents before the site visit commences. Members of the public can listen to the officers' presentation but should not join in any subsequent discussion. Public views or objections will be fully presented or reported at the Committee meeting and should properly form part of the overall debate and discussion at that time.

Members should avoid getting into individual dialogue with local residents, although it is appreciated this can be difficult to avoid. The Chairman can invite a spokesperson for the residents to answer any specific questions Members may have but this should not become a general debate about the proposal. If there is a request to visit the site from a particular position or location this can be undertaken at the Chairman's discretion. If it is agreed, all Members should accompany the Chairman if possible.

The applicant or his representative will also be invited to attend the site visit. They are present simply to answer any questions the Committee Members may have but should not address the Members on the general merits of the case. Again the Planning Officer or Chairman should explain this situation to the applicant or representative if necessary.

None of the above text on site visits is intended to stifle debate or prevent local residents from having their say. The proper place for such a debate is however at the Committee meeting when neighbour/local views will be properly reported and a proper discussion in a public forum can take place.

24. **Ward Members Speaking at Planning Committee who are Not Members of the Planning Committee – Contact by the Applicant, Developer or Objector**

When a Ward Member speaks at a Committee it is important that they make it clear whose views they are expressing. Are they speaking for themselves only? Are they speaking on behalf of their Ward? Are they speaking on behalf of a group of residents? An important difference between Planning Members and Ward Councillors who are not Members of the Planning Committee is that Ward Members are permitted to express a view prior to entering the Council Chamber. Also, a Ward Member can inform other Members of their own view. If they are asked to meet with a party who has an interest in an application it should be made clear to that party that the Ward Member cannot lobby Members of the Planning Committee – they can inform the Members of their concerns etc but they cannot lobby.

If the applicant/objector/third party asks for information Members should advise them to contact the Planning Service staff. The Ward Member can comment on how they would like the decision to be determined but must not give any impression of interfering with the normal democratic process. Comments like 'I will have a quiet word with the Chairman' 'the Group will all vote together' or 'it will be sorted' are unacceptable. They infer predetermination and interference, which at the very least is against an open and transparent planning system.

Instead the Member should make it quite clear that they are able to express an opinion to the Committee but the final decision will be made by the Members when they have considered all matters including the Local Development Plan.

When a non Planning Committee Member addresses the Committee, it is advisable that they disclose to the Committee any contact they have had with the applicant and/or agent and/or interested party. For example if a Ward Member meets with a developer and is in favour of an application they should state 'I am the Ward Member and I am here to represent my own views on this matter. I have spoken to the Developer and I have looked at the plans in detail.

I am for the application and consider the benefits are ...'. Or 'I am the local Ward Councillor and I am here to represent the views of what I consider is the majority of the residents of my Ward. I have had numerous telephone calls and letters complaining about this. I have met with local resident groups and I am unhappy with the proposal before Members because ...'

A member of the Planning Committee may take the opportunity to exercise separate rights as a Ward Councillor where the Member has fettered his/her discretion to participate in the decision making. However, the Member should make it clear before commencement of the item that they are speaking in this capacity, and should remove themselves from the Committee seating area for the duration of that item.

25. **The Public Participation Process**

With the introduction of the public participation process members of the public now have the opportunity to address the Planning Committee. Each individual has 3 minutes to speak. Ideally the person would refer only to planning issues. However realistically this is unlikely to occur and in practice they may refer to non-planning and development matters.

Planning Committee Members need to sift through such presentations and concentrate on the planning and development considerations, distinguishing between issues that are and are not relevant to the planning decision. Issues that are not planning matters need to be dismissed or given very little weight, while planning and development issues should be taken into account and given great weight. Personal circumstances and financial details are rarely, if ever, determining issues. Members have to give proper weight to the Development Plan and other material considerations.

As indicated above, a Member with a personal and prejudicial interest may take part in the public participation process, but must withdraw from the meeting immediately after they have addressed the Committee.

26. **The Decision Itself**

In accordance with Section 38(6) of the Planning and Compulsory Purchase Act 2004 a planning application made under the Planning Acts shall be determined in accordance with the Development Plan unless material considerations indicate otherwise.

Material considerations are anything that relates to the use and the development of land. "Material considerations must be genuine planning considerations, i.e. they must be related to the purpose of planning legislation, which is to regulate the development and use of land in the public interest." PPG1 para. 50. 'In the public interest' does not mean determining planning applications on the view of the local residents. Local opposition or support for a proposal is not in itself a ground for refusing or granting planning permission, unless that opposition or support is founded upon valid planning reasons which can be substantiated" para. 60 of PPG1.

If there is public opinion against an application then Members must ask themselves "are the objections based on planning grounds?" and if they are "is there evidence to support them?" If the answer to one or both of these questions is 'no', then Members should not permit the objections to determine the outcome.

A Member who is proposing, seconding or supporting a decision contrary to officer recommendations or the development plan should clearly identify and understand the planning reasons leading to this conclusion/decision. These reasons must be given prior to the vote and be recorded. It may be necessary to justify the resulting decision by giving evidence in the event of any challenge.

27. **Code of Conduct**

This guide is ancillary to the Council's Code of Conduct and is designed to help Members understand their role in the Planning process. Its production is recommended by District Audit ('Probity in Planning').

28. **Enforcement of the Protocol**

Members need to be aware that this Protocol is for guidance. The breach of its terms will not necessarily result in the decision being invalidated, but may well lead to a decision being challenged. A breach of the Council's Code of Conduct may lead to a complaint to the Council's Standards Committee, and will be dealt with in accordance with the statutory procedure introduced by the Local Government and Public Involvement in Health Act 2007 and Regulations thereunder. A breach of this Protocol is not in itself a breach of the Council's Code of Conduct, but any complaint of a breach of the Protocol would be investigated by the Monitoring Officer and subsequently reported to the Standards Committee.

If Members have any concerns about the above they should contact the Head of Legal and HR and/or the Head of Planning Services.
