COUNCIL BUSINESS COMMITTEE**Review of Polling Districts and Polling Places 2015
29 January 2015****Report of the Chief Officer (Governance)****PURPOSE OF REPORT**

To enable Committee Members to consider arrangements for determining the outcome of the review of polling districts and polling places in the Parliamentary Constituencies of Morecambe and Lunesdale and Lancaster and Fleetwood.

This report is public

RECOMMENDATIONS

- (1) **That the Committee considers whether it wishes to make any changes to polling districts or polling places in light of the responses received during the review, and to give reasons for its decision.**
- (2) **That the Committee authorises publication of the outcome of the review on the Council's website.**

1.0 Background

- 1.1 Section 17 of the Electoral Registration and Administration Act 2013 introduced a duty on local authorities to carry out and complete a review of polling districts and polling places between 1 October 2013 and 31 January 2015 and then in the period of 16 months beginning with 1 October of every fifth year after that. This ties in with fixed term Parliaments so that a review is completed before each Parliamentary election.
- 1.2 For clarification, a "polling district" is defined as the geographical area created by sub-dividing a constituency/ward; a "polling place" is defined as a designated area for a polling district in which polling stations are located and a "polling station" is defined as the room in which polling takes place.
- 1.3 On 17 December 2014, Council delegated consideration of the review to this specially convened meeting of Council Business Committee to comply with the legislative timetable. Council also delegated powers to this Committee to authorise publication of prescribed statutory information about the outcome of the review and resolved that Returning Officer, in consultation with the relevant ward Councillors, be authorised to make any necessary changes to polling places that may arise other than as part of a review.

2.0 Boundary Changes

- 2.1 Since the last polling district review in 2011, the Local Government Boundary Commission for England (LGBCE) has carried out a review of the City Council's wards and changed the boundaries and names of some wards. There are some complex changes to parish wards too, as a consequence of the City ward changes. For example, the number of wards in Morecambe Town Council has increased from 6 to 11. As a consequence of the boundary review, changes have been made to the polling districts.
- 2.2 The electoral register on the new boundaries and the draft polling districts set out in this report was published in January 2015. Any amendments which are made as a result of this report will be reflected in the next publication.

3.0 Consultation

- 3.1 The consultation on the review of polling districts and polling places started on 8 August and the deadline for responses was 19 September. All Councillors were sent the pages relevant to their ward and, where there were changes as a result of the boundary review, the paperwork showed which roads, or parts of roads, would move in or out of their ward. Those schedules of streets have not been appended to this report again, in the interests of saving paper, but a paper copy is available for any Member on request from Democratic Services and they have all been published with the agenda online.
- 3.2 Parish Council and Parish meeting clerks, the local County Councillors and the two local Members of Parliament were made aware of the review.
- 3.3 A notice of the review was published on the Council's website and at both Town Halls.

4.0 Responses to the Consultation

- 4.1 Four written consultation responses were received in time for the deadline and a late written response was received in December. All are appended to this report for Members' information (Appendix A). The Elections Manager also spoke to two Bulk Ward Councillors. Some of the issues raised were with the boundary changes which were not the subject of the consultation, having already been determined by the order bringing the LGBCE's recommendations into effect. However, the following issues were raised:
- Regarding a polling station at Lancaster Royal Grammar School in John O'Gaunt ward, the respondent anticipated the new residents moving into The Residence would need a more accessible place to vote. Voters at The Residence will in fact vote in a polling station located in The Gregson on Moorgate, being part of Bulk ward.
 - A ward Councillor for Castle ward rightly noted that some properties were missing from the schedule of properties being transferred to Scotforth West ward and these have now been corrected. He also asked if the residents in Aldcliffe who will move from Castle ward to Scotforth West could continue to vote at the Boys and Girls Club. Unfortunately, this would entail creating a separate polling station for those few properties which is not feasible so the recommendation is that those residents vote at Lancaster Methodist Church with the other residents in their new polling

district.

- In the same response, it was noted that Marsh Community Centre was a very busy station and would now have more voters added to the register as a result of the changes. In view of this, and because the number of electors is likely to grow in the area, officers are investigating using Lancaster Cricket Club for the MARB polling district. Failing that, an additional station will be located in Marsh Community Centre for MARB.
- A response was received from Scotforth Parish Council expressing concern that some residents in the current Ellel ward who will be relocated to the new University and Rural Scotforth ward might be expected to vote at a station located in the University grounds rather than Rowley Court on Scotforth Road. Voting at the University would cause problems with parking and finding the polling station on the large campus. In view of this, it is recommended that electors in those properties continue to vote at Rowley Court although this is outside their new ward.
- The low number of electors in Heysham Village area mean it would not be feasible to have a polling station in Heysham Village itself. It is proposed that voters in the village that were in Heysham South Ward and are now included in Heysham Central Ward should vote at Heysham Mossgate school. For the area of Westgate ward which forms part of the Heaton with Oxcliffe parish, it is recommended that those voters continue to vote at Westgate Primary school station and that no other arrangements are made. Postal votes are available for all elections, provided the elector applies within the deadline, so there should be no danger of lack of engagement or of disenfranchising voters because their station is some distance away.
- Concerns were expressed about Sandylands Nursery. As this venue is not suitable for a combined election it will only be used for a small, unparished polling district (HENC) for the 2015 election. The polling station for HENA, which is a larger polling district and part of the Morecambe parish, will be located Sandylands Primary School.

5.0 Polling Station issues

- 5.1 Room B12 at St Leonard's House has been used as a polling station for the BLKA polling district for a number of years, however the building has now closed and an alternative has been sourced. The Kings Community Church, Phoenix Street, Lancaster will provide suitable accommodation.
- 5.2 More polling stations will be required at St Christopher's Church Hall and it may be necessary to use the Main Hall rather than the Council Room.
- 5.3 Father's House Elim Pentecostal Church Hall was used for the European Parliamentary Election (EPE) in 2014 for the first time, because demolition work was ongoing at the Skerton Learning Centre. That work is not yet completed and it is recommended that Father's House be used again for SKEB polling district, as the feedback about the venue was positive.
- 5.4 Yealand Village Hall will need two polling stations as a result of the boundary changes.
- 5.5 For WESE polling district, officers are looking at the possibility of putting a new polling station at Trimpell Sports and Social Club because it would be difficult to house another extra station at Lancaster Road School.

6.0 Returning Officer's Response

6.1 The Returning Officer, who is also the Acting Returning Officer for the Parliamentary constituency elections, has no further comments on the polling districts and places proposed in the appendix to this report, except to note that there are currently 18 polling districts in the Lancaster and Fleetwood constituency which are sited within the Wyre Borough Council area and that he will be consulted on those when Wyre undertakes its own review.

7.0 Conclusion

7.1 The Committee is asked to consider the schedules of polling districts and polling places set out in the appendices to this report and decide whether any changes should be made and, if so, the reasons for the changes.

7.2 On conclusion of the review, the Council is required to publish details of the actual designations of polling districts and polling places agreed as a result of the review and details of where the results of the review have been published. This will be done by way of press release and details of the agreed proposals will be available at the Customer Service Centres in Lancaster and Morecambe and will also be published on the Council's website.

**CONCLUSION OF IMPACT ASSESSMENT
(including Health & Safety, Equality & Diversity, Human Rights, Community Safety, Sustainability and Rural Proofing)**

None.

LEGAL IMPLICATIONS

The Council has a legal obligation to carry out this review within the timescale set out in the report.

FINANCIAL IMPLICATIONS

There are no financial implications as a direct result of this report. The fees paid for polling stations used in elections are paid by the Cabinet Office for Parliamentary elections and by the Council for City Council elections, or the fees are split in the case of a combined election. Parish Council elections, if contested, are paid for by the City Council when held together every four years. Polling station fees for individual by-elections held outside the four yearly elections are charged to the Parish Council.

Subject: polling stations

Thanks for your information re the new ward layouts and polling stations. I have the following comments.

Houses in Aldcliffe that are being transferred to Scotforth West. The list of houses in Aldcliffe that will be transferred to Scotforth West seems incomplete. For example, you seem to have missed 1, 2, 3 Cottage Farm. My colleague says you have missed

Ashlar House
INGLENOOK,
Inglewood
West Lodge
Ivy Cottage
Ashlar Lodge

but I think that some of these are already in Scoforth West.

My more substantive point is that It is a long way for people to get to Lancaster Methodist Church from Aldcliffe. Would it not be better for all of Aldcliffe to vote at the Boys and Girls Club?

I can see the sense in the Marsh Community Centre being used for all of the Marsh area. Though, previously, there have been long queues at this station and my concern is that this will get worse with all of the extra people. You would need to put on extra staff for it to work in my view (especially at the General Election).

You seem to be having doubts about using the Friends Meeting House for roads in Fairfield (Anthony Road, County Street etc). I don't understand this. This is the obvious place for the polling station and is near to all of these places. You say that it is not in the polling district. I don't understand this. It seems to me that the Friends Meeting House is in Castle Ward (new and old versions).

In view of the potential overcrowding at the Marsh Community Centre, I would suggest that the Friends Meeting House could also be used for the streets on Abraham Heights that have transferred to Marsh Ward (ie keep it as it is now).

Thanks

To Whom it may concern,

We would first like to thank you for taking our previous comments about the Warton parish being kept out of the Carnforth ward into consideration and acting on them. However we would like to reiterate our objection to the the merger of the university ward with Scotforth rural ward. We believe such a change will drown out the voices of the rural ward that has nothing in common with the university.

Dear Mr Cullinan

POLLING DISTRICTS AND POLLING PLACES REVIEW

Thank you for your recent letter on this subject. expressed the views of me and my Liberal Democrat colleagues in July 2013 at an earlier review stage, and I note with great pleasure that Warton is not now to be integrated into a revised and enlarged Carnforth area.

Apart from this, the proposals look sensible, practical and reasonable. It makes sense for the University of Lancaster to constitute a new ward pretty much on its own. The current arrangement is unsatisfactory. On the other hand, it may create problems for the smaller number of rural ("Scotforth Rural") voters now included in the proposed new University Ward, with its unusual electorate of highly mobile students who do not generally identify very closely with the Lancaster community. The great difficulty in canvassing views at the University is an added problem; it is a pity that the University does not permit candidates for this ward each to submit one electronic election address by way of the University intranet. Party representation has changed for the (old, existing) University Ward three times in about as many City Council elections, with low turnouts. It strikes me that the rural voters in "Scotforth Rural" might as well be included either in Lower Lune Valley or in Ellel, where their views are more likely to be reflected alongside those of other voters in the ward.

It was very unfortunate that the other University in Lancaster (the University of Cumbria, Lancaster Campus) was apparently unable to register many of the students in John O'Gaunt Ward on the last electoral register. It is hard enough to engage the interest of students in local affairs without their being disenfranchised in this way by the University authorities.

The only other issue on which I wish to comment at present is the unsatisfactory nature of the polling station at Lancaster Royal Grammar School in John O'Gaunt Ward. This is difficult for many voters in Standen Park and Standen Gate to access, and I anticipate that the substantial number of new voters who will live at The Residence and its adjacent building sites in Bulk Ward will also need a more accessible polling booth nearby.

With thanks for the work represented by this review, I remain yours sincerely

Chambers, Deborah

Subject: Polling places

Good Evening Sir/Madam,

Following the recent meeting of Scotforth Parish Council we discussed the change in polling places and is this really necessary? Is Rowley Court being discontinued as a polling location?

Rowley Court more as convenient as the University, residents won't be as keen to go into the University and be unable to find their way or anywhere to park especially during the day.

Please include these comments in the consultation.

Clerk to Scotforth Parish Council

Submission to polling districts and polling places review

On behalf of Morecambe and Lunesdale Constituency Labour Party

Sir,

Please accept the following comments on the review of polling districts and places on behalf of Morecambe and Lunesdale Constituency Labour Party, which includes consultation and comments from all County, City and Town Councillors from the Constituency.

1. We broadly agree with the recommendations of the report sent to councillors and we applaud the hard work of the elections office staff.
2. The Heysham Village area that is now moving to Heysham central ward would need to travel significant distance in order to vote. We believe this is a major risk of disenfranchising a large amount of voters. We request that Heysham Village has its own polling station.
3. The area of Westgate ward the forms a part of the heaton-with-Oxcliffe parish takes in a significant portion of the electorate and has in the past had its own polling place. We believe that this area should also have its own polling station (and while we understand that mobile polling stations are not ideal) there is a danger of a lack of engagement due to traveling distances.
4. Members are concerned that Sandylands nursery is not large enough to deal with the anticipated high turnout of 3 elections on the same day.
5. Further to the placement of polling stations, colleagues would like to suggest that polling cards should have a small map on the rear to show where their polling stations are.

I hope these ideas meet with the kind consideration of the returning officer.

Kind Regards

Darren Clifford

Chair, Morecambe and Lunesdale CLP

COUNCIL BUSINESS COMMITTEE**MEMBER DEVELOPMENT UPDATE
29 January 2015****Report of Chief Officer (Governance)****PURPOSE OF REPORT**

To seek councillors' views on member development for the remainder of the municipal year, and arrangements for the induction of new and returning councillors in summer 2015, including a recommendation for enhanced training for members of the Licensing Act, Licensing Regulatory, Personnel and Planning and Highways Regulatory Committees.

This report is public

RECOMMENDATIONS:

1. That members consider and comment on the outline plans for member development over the remainder of the municipal year and the induction programme which is set to follow the 2015 local elections.
2. That Council be recommended to amend the terms of reference of the Licensing Act Committee, Licensing Regulatory Committee, Personnel Committee and Planning and Highways Regulatory Committee, in order to require all members and substitute members to undertake training on equalities and the relevant law and procedures that relate to their committee's work. Committee members would subsequently be required to undertake regular training on the relevant laws and procedures on at least an annual basis.

1.0 Introduction

- 1.1 This report is intended to provide members with a summary of member development events which have taken place since the previous report to Council Business Committee, together with details of the induction for new and returning councillors following the May 2015 local elections.
- 1.2 It is anticipated that the frequency of member development events will decrease as we approach the end of the municipal year, when the focus will turn to preparations for the induction.

2.0 Member Development Events, July 2014 – present day

2.1 There has been a varied programme of events over the course of summer and autumn 2014, which are summarised in the table below:

Event	Date	Attendance
Licensing Regulatory Committee Training	7 th July 2014	2 (by invitation)
Member Briefing: Universal Credit Scheme	17 th July 2014	14
Member Briefing: Individual Electoral Registration	24 th July 2014	9
Institute of Licensing: Licensing Hearings, Everything You Were Afraid To Ask	25 th July 2014	7
Member Briefing: National Grid Update	4 th September 2014	8
The Future Role Of Councillors: Community Leadership	16 th September 2014	11
Member Briefing: Local Plan	2 nd October 2014	23
Member Briefing: Marmot Review	8 th October 2014	17
Member Briefing: Neighbourhood Planning	13 th November 2014	9
Licensing Act Training	21 st November	1 (by invitation)
Member Briefing: ICT Update	3 rd December	13
Planning Advisory Service Event: Neighbourhood Planning	4 th December (am)	1 (only one place allocated to the authority)
Member Briefing: Community Triggers	4 th December (pm)	13

2.2 The mean attendance rate, for those events advertised to all members, was 12.4. This equates to 21% of all councillors.

2.3 Members' feedback is welcome on these events, in addition to any suggestions for further development opportunities which councillors would like to see over the remainder of the municipal year and into 2015/16.

3.0 Induction 2015

3.1 Preparations are now under way for the induction which will follow the local elections to the city council in May 2015. The induction will be based largely on the programme from 2011, which a subsequent evaluation showed to have been very popular with councillors. Of those who took part in the evaluation,

91% agreed that they felt “much more informed about my role as a councillor having undergone the induction”.

- 3.2 A copy of the induction programme from 2011 is attached at Appendix 1, and the views of members are welcome on any improvements which could be made to the schedule. Members may wish to consider the timing and frequency of events, together with any useful subject areas which were not covered in 2011. The current induction schedule for 2015, as yet incomplete, is attached at Appendix 2.
- 3.3 As agreed by this committee in June 2014, a coach tour to highlight the district’s cultural assets, heritage, and sports facilities will be offered to members as part of the induction programme.
- 3.4 Members may wish to consider the views of the Chief Executive, who has suggested that more substantial training should be offered to members appointed to the Licensing Act Committee, Licensing Regulatory Committee, Personnel Committee and the Planning and Highways Regulatory Committee, in light of the significance of these committees’ work.
- 3.5 Each committee deals with a broad range of important and legally complex issues, which require a strong working knowledge of members. Amongst other things, the Licensing Act Committee discharges the functions of the council as a licensing authority under the Licensing Act 2003, the Licensing Regulatory Committee issues and enforces hackney carriage and private hire licenses, Personnel Committee takes decisions about employee appointments, appeals and requests, whilst the Planning and Highways Regulatory Committee (PHRC) determines applications for planning permission.
- 3.6 Currently, members of each licensing committee and PHRC are required to undertake training on the relevant laws and procedures of those committees, whilst members of the Licensing Regulatory Committee and Personnel Committee have to attend an equalities training session.
- 3.7 The recommendation is that members and substitute members of all four committees should be required to attend equalities training and a session on the relevant laws and procedures relating to their committee. Committee members and substitutes would subsequently be required to attend regular training on relevant laws and procedures on at least an annual basis.

4.0 Conclusion

- 4.1 Members are encouraged to give any suggestions for member training over the remainder of the municipal year, guidance on the forthcoming induction programme, and consideration to the recommendation for more substantial training in connection with the Licensing Act Committee, Licensing Regulatory Committee, Personnel Committee and Planning and Highways Regulatory Committee.

CONCLUSION OF IMPACT ASSESSMENT

(including Health & Safety, Equality & Diversity, Human Rights, Community Safety, Sustainability and Rural Proofing)

None

LEGAL IMPLICATIONS

None arising directly from this report.

FINANCIAL IMPLICATIONS

There is a current spend of £1,300 against the Revised budget of £2,100 for Member Training in 2014/15. The Proposed 2015/16 budget is £5,100 to allow for the fact that 2015 is an election year and it is expected that all training requirements will be met from within this budget allocation.
