13 I am in favour of creating a Parish Council in the Heysham area.	nce Review y. tate that we are Heysham Parish
14 This is a vote IN FAVOUR of the proposed Heysham Parish Council	il
15 My home is in the new proposed parish council area	
Your canvasser called but it wasn't a good time to talk.	

	Please could you put our vote of 'YES' for Heysham to become a Parish Council.
16	My wife and I can see the benefits of a Heysham Parish Council, have benefitted from a PC in Northamptonshire where we previously lived. Look forward to it going ahead.
17	I have no problems at all with Heysham having a Parish Council and look forward to it, all things being equal. Being able to decide your own spending on things relevant to your area and not being a second / third thought or if anything is leftover in budget Lancaster City Council has to be a plus.
18	I write to register my support for a Parish Council in Heysham. I feel strongly that this, for the small proposed charge, would be well in Heysham's interests; absolutely locally tackling the 'problem' areas that are so important to Heysham residents. Nominated Councillors as volunteers would truly have Heysham's best interest at heart and residents would feel that the village was being looked after by people who really care about the village; also, that they would have more of a direct say. This would be greatly beneficial to both residents and visitors alike. The proposed (initial) £15/year onto our Council Tax bill would, I feel, be a small
	price to pay for such a service.
19	I am writing to support the creation of a Parish Council in Heysham. I strongly feel that this historic area would benefit from the generation of money to benefit the area - (which sadly over the years has been greatly neglected) - this would give residents a sense of pride and 'ownership' which would hopefully also then encourage more tourism to the village.
20	I am e-mailing to confirm that we do agree for a Parish Council in Heysham as per your recent Leaflet received on the 11th May 2018.
	The main reason is that its a good proposal that if we have one Locallyand that they will have our Local Views (if we ask),taken in the future as and when if required and that's very good.
	I googled the population recently of Heysham as being 6,764,,,,Morecambe as 34,770 and ,,,,Lancaster as 59,218 for further confirmation that it is a good suggestion to have our own Parish Council
	Our Current House Council Tax is D-£1760.19,,, so this will increase by £15-Annually,,, which is not a problem, as long as it stays at this for the future -obviously plus inflation.
	All the best to the Local Politicians.
21	Unfortunately I missed the representatives from Lancaster City Council. I will support a Parish Council for Heysham.
22	I would like to say that a parish council for Heysham is an excellent idea.
23	We confirm that we would like to see a parish council created for our area, it can only be a good thing to have some control over local development. We look forward to hearing the decision.

24	I agree to the creation of a Parish Council for Heysham.
25	I would like to add my support for the creation of a Parish Council for Heysham.
26	With regard to the proposed Heysham Parish Council, we would both be in favour of such a council being set up.
27	No one has been to my door asking for my opinion about a Parish Council for Heysham but I think - yes.
28	This is to confirm I would like a parish council in Heysham.
29	Thank you for the letter. Yes I would like us to have a parish councillor. But hope the ones putting up for the election are people who have been born and bred here and not an outsider just getting into politics which in my opinion is completely unacceptable.
30	I am responding to a flyer through my door, regarding the formation of a Parish Council.
	What concerns me is the lack of information as to what this council would do and who would be on the council and are there certain criteria as to how any money would be spent.
	What also concerns me is the fact it would be allowed to set the precept, would this go to the Parish as a whole to decide or be solely decided by those sitting on the council and would there be a cap on what this amount would be.
	Would the representatives be elected and how?
	Is there really a need for this Parish Council, how would we be benefit.
31	Further to the leaflet regarding the possibility of Heysham forming a Parish Council could you please give me and others more information. What are the funds raised to be used for and what things can the monies not be used for?
	Could the monies be ring fenced for specific projects and what sort of projects do you envisage the funds would be used for?
	What proportion of the monies raised would be used for expenses and costs administering the Parish Council and would there be set limits? Whilst I agree in principle will there be more information presented to the public before any decision on the way we vote
