David

Please find attached 2 emails from Pablo(the applicant) regarding the premises licence application for Kanteena in Lancaster.

They confirm the following points:

- Aligning to the safeguarding children from harm licensing objective, Pablo agrees for the following conditions to be added to the licence
  - o Persons under the age of 18 years shall vacate the premises by 9pm on days when no live music is being played in the venue
  - o Persons under the age of 18 years shall vacate the premises by 1130pm on days when live music is being played in the venue
- In order to manage the potential risk of glass related injuries in the future Pablo has agreed that when the existing drinkware is replaced, it will be replaced with toughened glass or reusable plastic. Please can you keep a record of this point as opposed to it being added as a condition?

Many thanks

Andrew

Dear David

This morning I had a telephone discussion with Pablo Aguilar regarding the attached premises licence application. The following points were agreed.

- Drinkware for use in Kanteena has already been purchased. This is second hand and is not thought to be 'toughened'. In order to manage the potential risk of glass related injuries in the future Pablo has agreed that when the existing drinkware is replaced, it will be replaced with toughened glass. Can you please keep a record of this.
- Due to the proposed hours of the licence being to 6am we agreed the following conditions regarding the 'Protection of Children from Harm' licensing objective. Can you please arrange for them to be added to the licence application?
  - *Persons under the age of 18 years shall vacate the premises by 9pm on days when no live music is being played in the venue*
  - *Persons under the age of 18 years shall vacate the premises by 1130pm on days when live music is being played in the venue*
