(It is a criminal offence not to declare a disclosable pecuniary interest either in the Register or at the meeting).

Planning Applications for Decision

Community Safety Implications

In preparing the reports for this agenda, regard has been paid to the implications of the proposed developments on community safety issues. Where it is considered that the proposed development has particular implications for community safety, the issue is fully considered within the main body of the individual planning application report. The weight attributed to this is a matter for the decision-taker.

Local Finance Considerations

Section 143 of the Localism Act requires the local planning authority to have regard to local finance considerations when determining planning applications. Local finance considerations are defined as a grant or other financial assistance that has been provided; will be provided; or could be provided to a relevant authority by a Minister of the Crown (such as New Homes Bonus payments), or sums that a relevant authority has, will or could receive in payment of the Community Infrastructure Levy. Whether a local finance consideration is material to the planning decision will depend upon whether it could help to make development acceptable in planning terms, and where necessary these issues are fully considered within the main body of the individual planning application report. The weight attributed to this is a matter for the decision-taker.

Human Rights Act

Planning application recommendations have been reached after consideration of The Human Rights Act. Unless otherwise explicitly stated in the report, the issues arising do not appear to be of such magnitude to override the responsibility of the City Council to regulate land use for the benefit of the community as a whole, in accordance with national law.
