This report is public.			

RECOMMENDATIONS OF CHIEF EXECUTIVE

- (1) That the Chief Executive be delegated to finalise and agree UK Shared Prosperity Fund (UKSPF) awards in respect of Intervention *E6 Arts and Culture*.

Funds will be awarded as set out in the council's UKSPF Investment Plan and within the parameters of the UKSPF change control process to deliver the following project:

- Morecambe Winter Gardens

1.0 Introduction

- 1.1 In April 2022 the government announced the [prospectus for the UK Shared Prosperity Fund \(UKSPF\)](#), to be delivered by local authorities from 2022-25.
- 1.2 The Lancaster district was provisionally allocated £5.3m of UKSPF funding, to be administered by Lancaster City Council and subject to the submission of an Investment Plan detailing the council's proposals for delivering the funding in line with the requirements of the prospectus.

2.0 Investment Plan

- 2.1 Following a highly consultative development process during summer 2022, Cabinet at its meetings of [12 July 2022](#) and [26 July 2022](#) considered the council's Investment Plan proposals, which were subsequently finalised and submitted to meet the government's deadline of 1 August 2022.
- 2.2 The council received approval of its Investment Plan in December 2022,

followed by release of the initial tranche of funding for 2022-23.

3.0 Round 1, Round 2 and Capital Funding Awards

3.1 A number of projects are delivering outcomes across the UKSPF programme. This follows Round 1, Round 2 and the Capital Funding application round in the first 2 years of the UKSPF programme (2022-2024).

4.0 Year 3 Project Updates

4.1 The Winter Gardens received a UKSPF grant in Year 1 of the fund. The project now requires increased Capital funding and decreased Revenue within the overall grant figure amount and following grant awards. Capital funding cannot be converted to Revenue funding as clarified in the UKSPF prospectus. However, the amount of Capital can be increased by converting Revenue to Capital.

5.0 Proposal Details

5.1 It is proposed that following successful performance, the project in question is to be considered for a decision based on the following two outcomes:

- 1) *Update funding and convert £15,000 Revenue to Capital for the project.*
- 2) *Do not update funding and keep the original Revenue and Capital allocations the same.*

5.2 Specific to the relevant portfolio area of Communities, Well-Being and Partnerships, the following project is proposed for a funding award update in respect of Intervention E6 as set out in the Investment Plan:

- Morecambe Winter Gardens

5.3 Should the recommendation in this report be approved, officers will initiate the process of finalising all relevant details and agree grant agreements for the projects to be delivered in accordance with the UKSPF programme's guidance and requirements, and within the funding envelope defined by the council's Investment Plan.

5.4 Some projects may contribute to the delivery of multiple UKSPF Interventions, and as such may draw on funds allocated to a number of Interventions set out in the Investment Plan.

5.5 Delivering the complex and wide-ranging UKSPF programme will require a degree of flexibility in managing the specific funding allocated to each of the three Priorities and thirteen Interventions contained in the Investment Plan. All allocations will be determined within the parameters of the UKSPF programme's change control process.

6.0 Details of Consultation

6.1 Delivering a successful UKSPF programme from 2022-25 will be fundamentally dependent on a consultative, collaborative and inclusive approach. The council's programme so far has been characterised by this principle, with wide-ranging consultation including:

- Focus groups and an open Expression of Interest process in summer 2022 to support development of the Investment Plan
- The formation of a Local Partnership Group, in line with the UKSPF Prospectus, to advise and support the Investment Plan development process and subsequent activity in delivering the programme

6.2 The technical nature of project evaluation along with its 'competitive' element

means that limited consultation is possible in considering funding awards for specific projects at this stage.

- 6.3 However, a consultative process has been taken with Cabinet members to ensure recommendations are in line with the desired strategic direction.

7.0 Options and Options Analysis (including risk assessment)

	Option 1: Award UKSPF funding in respect of the specified project(s)	Option 2: Do not award UKSPF funding for the specified project(s)
Advantages	Continue delivery of the UKSPF project with its associated benefits to the district.	No specific advantages
Disadvantages	No specific disadvantages beyond demands on the organisation of delivering the programme.	Failure to deliver on the UKSPF programme.
Risks	Projects may require further development in finalising and agreeing details.	Failure of the council to fulfil its duty of delivering the UKSPF programme.

8.0 Officer Preferred Option (and comments)

- 8.1 The officer preferred option is option 1, to commence delivery of the UKSPF project.

9.0 Conclusion

- 9.1 A robust process has been conducted in the development of an approved Investment Plan, followed by the evaluation of project proposals.
- 9.2 This report sets out the proposed approach to award funding to projects that will contribute to the delivery of the UKSPF programme, and as such it is recommended that officers be delegated to finalise and agree funding awards.

RELATIONSHIP TO POLICY FRAMEWORK

The UKSPF Priorities demonstrate significant overlap with the strategic priorities of the Council Plan 2024-2027. As such, UKSPF projects and funding awards provide additional opportunity to advance the council's strategic priorities. This is reflected in the strategic design of the programme to meet the Council's goals.

CONCLUSION OF IMPACT ASSESSMENT

(including Health & Safety, Equality & Diversity, Human Rights, Community Safety, HR, Sustainability and Rural Proofing)

All UKSPF projects are required to be delivered in line with the Public Sector Equality Duty, with the relevant contractual obligations placed on those delivering projects as part of the conditions for receiving funding.

LEGAL IMPLICATIONS

Legal Services have been consulted throughout this process and will advise on any necessary legal agreements in relation to grant funding arrangements.

FINANCIAL IMPLICATIONS

There are no direct financial implications arising from this report. All awards to projects are funded by UKSPF money via central government. All funding awards for financial year 2024-

2025 at this stage, are subject to receipt of funds from central government. Regarding the resources used to administer the fund, the award includes a 4% allowance from the core revenue budget from the UKSPF programme. A team has been established to address this whilst working within the financial boundaries set and any additional requirements are being managed from within existing budgets.

SECTION 151 OFFICER'S COMMENTS

The Section 151 Officer would request that both Members and Officers consider that the Council currently has a significant structural budget deficit and so funding initiatives will need to be (at a minimum) cost neutral to the Council or be subject to the usual arrangements surrounding for on-going support of items not included within the budget framework.

MONITORING OFFICER'S COMMENTS

The Monitoring Officer has been consulted and has no further comments to add.
