Note the underspend of approx £277K will be transferred to Unallocated Balances to balance off the Fund accounts.

The first variance column includes notional variances relating to numerous capital and pensions charges that have to be included within the relevant service areas, but they are then reversed out (within the Corporate Accounts section) and so do not impact on the 'bottom-line' outturn position. The true variance column excludes these items and therefore shows the truer outturn position - the full analysis of this is shown at Appendix C.
