Dear Lisa

Further to your letter concerning the creation of the above Parish Council please accept this email as my support for this proposal.

I feel the number of proposed councils (5) is appropriate for the council and would suggest the parish percept is set at least circa £50 per property as in these challenging times for public funding I think it better for this new body to be well funded initially rather than be faced with a very modest budget.

My electoral address is [Redacted]

Regards

Date: 08 July 2016

Dear Residents

**COMMUNITY GOVERNANCE REVIEW – PROPOSAL TO CREATE
ALDCLIFFE-WITH-STODDAY PARISH COUNCIL**

Lancaster City Council has been asked to undertake a Community Governance Review following receipt of a petition for the creation of a Parish Council for Aldcliffe-with-Stodday.

The review will be conducted in accordance with the provisions of the Local Government and Public Involvement in Health Act 2007 and guidance issued by the Department of Communities and Local Government and the Local Government Boundary Commission for England in March 2010.

Enclosed with this letter is a copy of the draft terms of reference which has been drawn up and agreed by the City Council and considers a number of issues surrounding the creation of a parish council. This includes the electoral and financial arrangements for the creation of the parish.

The document is, at this stage, a draft document and can be amended as part of the consultation process to take account of the views expressed by those responding to this consultation.

As one of the households affected by the creation of the new parish, all residents are encouraged to participate in the consultation process and indicate your agreement or otherwise to the proposals. If you would like any amendments to the terms of reference to be considered as part of the consultation you are welcome to submit those in writing, and details of how to respond to the consultation are included on page 6 of the Terms of Reference document.

If you wish to respond to this first stage of consultation, please do so by Friday 05 August 2016.

Yours faithfully

Lisa Vines

Subject: Ashton with Stodday proposed parish Council Consultation

Hallo

Thank you for the recently received details of the consultation regarding a possible Parish Council for Ashton with Stodday.

As a resident in the area for approx. 30 years I would welcome strongly the creation of the new Parish Council. Over the period 1991-99 I had the privilege of being one of the Scotforth West City Councillors. I think it is fair too say that back then, as I suspect is still the case, this area being very much on the fringes of two City wards, tended to be a little neglected. It has a highly distinctive geography in comparison to the rest of the 2 Wards). While its population is relatively prosperous and well-educated there are legitimate concerns around the provision of basic services (hedge trimming and de-icing as two examples known to me). In recent years there have also been a number of planning proposals (successful or otherwise) that have raised concerns that are very particular to residents of this area. While the Parish Council should not be regraded as the first chapter of a nimby's charter, it would be very helpful to have a formal means of providing for the legitimate expression of local concerns.

I note that I had not heard of this proposal until the letter from your office arrived. This is perhaps an indication of the rather disparate networks that exist here and thus provides a further illustration of the relevance of the proposal.

I look forward to hearing more in due course.

Subject: Proposal to Create Aldcliffe-With-Stodday Parish Council

Dear Lisa Vines,

I am responding to your consultation on the Community Governance Review following the petition for the creation of a Parish Council for Aldcliffe-with-Stodday, of which I was a signatory.

I am pleased to see that the Council are taking up the proposal and exploring it with residents. I do hope that the Council holds a public meeting and invites residents and all others with an interest to participate. It would promote interest in the proposed Parish council, and in the context of neighbourly discussion would explore the role and purpose of such a council.

I am happy to see a precept and feel that £25 is a reasonable figure. However, I think it important that local residents and others have a clear idea of what the money raised could and should be used for - again, open discussion with expert advice at a public meeting would help to clarify the level appropriate for a precept.

I think that the area proposed for Aldcliffe-with-Stodday makes good geographic sense and would bring together a group of citizens with local interests in common. However, I note that the area includes a number of groups of houses that are separated from each other by fields and some distance. I think it is important that each group of residents has the opportunity to be represented and it is also important to represent the gender, class, ethnic and other sub-classifications of residents. I would prefer to see the Parish Council composed of at least seven members.

I look forward to hearing about the next stage of the Community Governance Review.

Yours sincerely,

[REDACTED]

Subject: Proposal to create Aldcliffe-with-Stodday Parish Council

Dear Lisa Vines

I am responding to the letter dated 8 July regarding a community governance review for the above proposal.

I am in favour of the proposed parish council and support both the suggested parish boundary and in general the draft terms of reference.

I hope the consultation process will include the opportunity for households to meet with officers and each other as some of the pockets of households are quite remote from each other.

As regards the suggested parish precept, I think this reasonable.

I feel that 5 councillors as suggested in the Terms of Reference may not sufficiently represent all areas within the parish boundary. I hope members will also be diverse in terms of gender and ethnicity.

I look forward to the next stage in the consultation

Yours faithfully

Subject: CREATION OF A PARISH COUNCIL FOR ALDCLIFFE WITH STODDAY

Dear Sir,

I would like to confirm that I am very much in favour of establishing a Parish Council for the above area. I have lived here in Aldcliffe for the past forty years and have seen the community grow up and all the residents value and take interest in caring for the area, making it a fine place to bring up families. My own three sons and their families live here in their own homes.

Having our own Parish Council will give us something to identify with and bring the inhabitants closer together on a personal level. We believe that will lead to even more interest in our environment, which can only bring further benefits in the future.

I sincerely hope you find that you find you can support our proposal.

Subject: CGR - Aldcliffe-with-Stodday

Dear Election team,

I am writing as part of the consultation process in undertaking a Community Governance Review for the proposed Parish of Aldcliffe-with-Stodday.

Firstly the Draft explains that the Council are required to calculate the first anticipated precept then goes on to give average precept rates from across the Lancaster district. Does the final calculation in January 2017 take into account peoples opinions at this stage or is it a formula? Personally I think £25.75 would be too low for an inaugural precept as there are lots of projects locals would like to see implemented.

Secondly I would think 7 councillors would be an adequate number for the Parish.

Sincerely,

[REDACTED]

Vines, Lisa
