

Meeting of: LICENSING ACT SUB-COMMITTEE

Date: 10TH NOVEMBER 2016 AT 10:30 A.M.

Report of: CHIEF OFFICER (HEALTH & HOUSING)

Reference: DWE

Title: THE ROYAL HOTEL, MAIN STREET, HEYSHAM

APPLICATION FOR VARIATION OF PREMISE LICENCE

Members of the Sub-Committee have the following documents attached to this report:

- 1. Application Form (pages 8 to 26)**
- 2. Copy of Representation from Other Persons (pages 27 to 38)**
- 3. Copy of Current Premises Licence:- (pages 39 to 48)**
- 4. Notice of Hearing (pages 49 to 52)**

Details of Application

Daniel Thwaites Plc have submitted an application under Section 34 of the Licensing Act 2003 to vary the premises licence for The Royal Hotel, Main Street, Heysham LA3 2RN

The current premises licence permits the following: -

Performance of Live Music:	Monday to Saturday	12.00 to 00.00	
	Sunday	12.00 to 23.30	(indoors & outdoors)
Playing of Recorded Music	Monday to Saturday	12.00 to 00.00	
	Sunday	12.00 to 23.30	(indoors)
Late night refreshment	Monday to Saturday	23.00 to 00.30	
	Sunday	23.00 to 00.00	(indoors)
Sale of Alcohol	Monday to Saturday	10.00 to 00.00	
	Sunday	10.00 to 23.30	(on & off)

The current variation application is to amend the plans which accompany the Premise Licence to reflect proposed changes to the layout of the premises.

To extend the permitted timings for licensable activities and permitted opening hours and to remove outdated and irrelevant conditions which currently appear on the premises licence and to add further conditions to the operating schedule.

Details of the application to vary the premises licence are set out in the application form, which is at Document 1 attached to this report. .

Representations

Under Section 35(3) of the Act, it is necessary for a hearing to be held to consider the application as a total of 8 representations have been received from Other Persons who all live in close proximity to the premises.

They all consider that the application principally undermines the public nuisance licensing objective in that there will be a significant increase in noise pollution further into the early hours of the morning, with one couple believing there is potential to impact on the crime and disorder licensing objective.

A Copy of the representations are at Document 2.

Notice of Hearing

In accordance with the relevant Regulations, the parties have been given notice of the hearing. It was not felt necessary to request any clarification from the parties. The parties have been required in accordance with the Regulations to indicate at least five working days before the hearing whether they intend to attend and/or be represented at the hearing and if they wish any witness to appear at the hearing. Any responses and any further documentation submitted by any of the parties after the circulation of this agenda will be circulated to Members in advance of the meeting. Members are reminded that documentary or other information submitted on the day of the hearing may only be taken into account with the consent of the Sub-Committee and all the parties.

Matter for Decision

The Sub-Committee is requested to consider the application and the representation.

This is in accordance with Section 35(3) and (4) of the Act which provide as follows:

- (3) Where relevant representations are made, the authority must-
 - (a) hold a hearing to consider them, unless the authority, the applicant and each person who has made such representations agree that a hearing is unnecessary, and
 - (b) having regard to the representations, take such of the steps mentioned in subsection (4) (if any) as it considers necessary for the promotion of the licensing objectives.
- (4) The steps are-
 - (a) to modify the conditions of the licence;
 - (b) to reject the whole or part of the application;and for this purpose the conditions of the licence are modified if any of them is altered or omitted or any new condition is added

Members are reminded that the licensing objectives are:

- the prevention of crime and disorder
- public safety
- the prevention of public nuisance and
- the protection of children from harm

Government Guidance under Section 182 of the Licensing Act 2003

Members may wish to note that paragraph 2.33 of the Guidance issued by the Government under Section 182 of the Licensing Act 2003 states that public nuisance is “not narrowly defined in the 2003 Act and retains its broad common law meaning. It is important to remember that the prevention of public nuisance could therefore include low-level nuisance perhaps affecting a few people living locally as well as major disturbance affecting the whole community”.

Relevant Parts of the Council’s Statement of Licensing Policy

With regard to the prevention of public nuisance, the Policy provides as follows:

8 Prevention of public nuisance

- 8.1 The most obvious aspect of public nuisance is noise. The primary source of noise is amplified music, either uncontained outdoors or emanating from premises, which do not have sufficient measures in place to contain the sound. Late at night or in the early hours of the morning, individuals shouting in the street or groups of people talking in an animated fashion generate a substantial level of noise and in some cases this is aggravated by offensive language.
- 8.2 As customers leave licensed premises, the sound of their conversation can disturb residents. Potentially greater problems arise when customers congregate or accumulate outside the licensed premises. However, it is clear that the person in control of the premises has a responsibility to ensure that disturbance to residents and businesses is kept to a minimum.
- 8.3 In considering licence applications where relevant representations are received, the Licensing Authority will consider the adequacy of measures proposed to deal with the potential for nuisance and disorder having regard to all the circumstances of the application. When addressing public nuisance, the applicant should identify any particular issues which are likely to adversely affect the promotion of the objective to prevent public nuisance, taking account of the location, size and likely clientele of the premises, and the type of entertainment (if any) to be provided. Such steps as are required to deal with these issues should be included within the applicant’s operating schedule, and may include:
 - The steps the applicant has taken or proposes to prevent noise and vibration escaping from the premises, including music, noise from ventilation equipment and human voices. Such measures may include the installation of soundproofing, air conditioning, noise limitation devices and keeping windows closed during specified hours.
 - The steps taken to ensure that all staff involved in the management of the premises have the capability, responsibility and training to supervise other staff and to ensure that the premises are operated in such a manner as to prevent public nuisance
 - The steps the applicant has taken or proposes to prevent disturbance by patrons arriving at or leaving the premises, for example warning signs at exits, and warning announcements within the premises, and the use of door supervisors to pass on the message
 - The steps the applicant has taken or proposes to prevent queuing, or if queuing is inevitable, to divert queues away from neighbouring premises, or otherwise

manage and monitor the queue to prevent disturbance of obstruction, and to prevent patrons congregating outside the premises.

- The implementation of a last admission time, and how the last admission time relates to the closing time of the premises
- The steps the applicant has taken or proposes to take to manage queues so that patrons who will not gain admission before any last admission time are advised accordingly
- The steps the applicant has taken to reduce queuing outside the premises and to minimise the length of time people have to queue at the premises
- The steps the applicant has taken to advise patrons that they will not be admitted if they are causing a disturbance, and the steps taken to implement a procedure for banning patrons who continually leave or arrive at the premises in a manner which causes a public nuisance or disturbance.
- The arrangements made or proposed for parking by patrons and the effect of parking on local residents.
- The arrangements the applicant has made or proposes to make for security lighting at the premises, and the steps the applicant has taken or proposes to take to ensure that lighting will not cause a nuisance to residents.
- Whether there is sufficient provision for public transport for patrons, for example the provision of a free phone taxi service or other arrangements with taxi companies, and whether information is provided to patrons about the most appropriate routes to the nearest transport facilities.
- Whether taxis and private hire vehicles serving the premises or traffic flow from the premises are likely to disturb local residents.
- Whether routes to and from the premises pass residential premises.
- Whether other appropriate measures to prevent nuisance have been taken, such as the use of CCTV or the employment of an adequate number of licensed door supervisors.
- The measures proposed to prevent the consumption or supply of illegal drugs, including any search and disposal procedures.
- The procedures in place for ensuring that no customer leaves with bottles or glasses
- If the applicant has previously held a licence within the area of the Council, the history of any enforcement action arising from those premises.
- Whether the premises would result in increased refuse storage or disposal problems, or additional litter in the vicinity of the premises.
- The steps the applicant has taken or proposes to take in order to ensure that standards of public decency are maintained in any entertainment provided at the premises.
- If appropriate, whether music is played at a lower level towards the end of the evening in a "wind down period".
- The applicant's proposals for the length of time between the last sales of alcohol, and the closing of the premises
- The steps the applicant has taken to prevent noise and other public nuisance from occurring in any open air parts of the premises, beer gardens, smoking shelters or areas that are used on an ad-hoc basis by patrons with the management consent for smoking

The above list is not intended to be exhaustive, and the applicant should consider all aspects of the operation that may affect public nuisance.

With regard to the prevention of crime and disorder, the Policy provides as follows:

9. The prevention of crime and disorder

- 9.1 The central concerns of licensing in relation to law and order are acts of violence and vandalism brought about by consumption of alcohol and the use of licensed premises as part of a distribution network for illegal drugs.
- 9.2 It is not the function of licensing to impose good practice in the adoption of wider crime reduction measures, such as those for securing premises outside of trading hours. It is also not a purpose of licensing to require that measures be put in place to enhance the opportunities for gathering evidence in relation to crime of a general nature. However, the Licensing Authority recognises that CCTV cameras at premises have an important role in preventing crime and disorder.
- 9.4 The Licensing Authority's starting point is to seek a reduction in crime and disorder throughout the area, consistent with its statutory duty under section 17 of the Crime and Disorder Act 1998. Licences may be granted if applicants can demonstrate that a positive reduction in crime and disorder will result, or that it will not increase, as a result of the application being granted.
- 9.5 Where there are relevant representations, the Licensing Authority will generally not grant a licence where it is likely that the premises will be used for unlawful purposes or where it is considered that the use of the premises is likely to cause an increase in crime and disorder in the area or the premises and this cannot be prevented by the imposition of conditions. When addressing crime and disorder, the applicant should identify any particular issues which are likely to adversely affect the promotion of the objective to prevent crime and disorder, taking account the location, size and likely clientele of the premises, and the type of entertainment (if any) to be provided. Such steps as are required to deal with these issues should be included within the applicant's operating schedule, and may include:
- Use of CCTV inside and outside the premises. The Lancashire Constabulary has produced suggested minimum requirements for CCTV and these are available from the Lancashire Constabulary or from the Licensing Authority's administrative staff
 - Use of metal detection or other search equipment or procedures
 - Crime and disorder risk assessment in relation to the proposed activities
 - Measures to prevent the use or supply of illegal drugs and procedures for searching customers
 - Ensuring that all staff are appropriately trained
 - Ensuring that all staff involved in the management of the premises have the capability, responsibility and training to supervise other staff and to ensure that the premises are operated in such a manner as to prevent crime and disorder
 - Employment of sufficient security staff where appropriate, controlling admission, monitoring capacity within the premises as a whole and in separate rooms/levels and patrolling the interior and exterior of the premises (any such staff must be licensed by the Security Industry Authority). The Licensing Authority recognises that there is a greater need for security staff in some premises than in others. For example there will be a greater need for security staff in a town centre nightclub than in a village pub. It will be for the applicant to consider the appropriate number of doorstaff required for the particular premises.
 - Ensuring that a register of doorstaff and their working times is maintained

- Participation in Pub Watch, Best Bar None or other relevant schemes and using radio links/pages as a means of connecting to other licensed premises.
- Use of plastic or polycarbonate glasses and bottles, where appropriate, or toughened glass. Applicants are advised that the Government believes that a risk-based, rather than blanket, approach to requiring licensed premises to use safer alternatives is the best way to tackle the problem of glass-related injuries
- Wherever possible, agreed protocols with police and other organisations and a commitment to co-operate and provide such evidence as the Police require.
- Adopting the “Night Safe Initiative” and “Safer Clubbing Guide” as statements of best practice
- Following the trade codes of practice, for example BBPA and Portman Group, and not carrying out any irresponsible drinks promotions
- Providing a suitable environment for customers having regard to the activities going on in the premises, in particular appropriate levels of seating
- Ensuring that there are sufficient transport facilities available to ensure that customers can leave the premises safely and swiftly.
- Maintaining an incident log
- The steps the applicant has taken to prevent crime and disorder issues from occurring in any open air parts of the premises, beer gardens, smoking shelters or areas that are used on an ad-hoc basis by patrons with the management consent for smoking, due to location, control within and management of such areas.

It should be noted that this list is not intended to be exhaustive. It may be appropriate for the applicant to consider other steps. Equally, the Licensing Authority recognises that not all the items in the list will be applicable to all premises.

Following the receipt of relevant representations, the Licensing Authority will not normally allow a person to be specified as a designated premises supervisor where that is likely to undermine the prevention of crime and disorder by reason of that person’s known past conduct. A person is likely to be considered unsuitable if he has previous unspent convictions for a relevant offence, notwithstanding that he may on its own merits in the light of representations received

The above list is not intended to be exhaustive, and the Licensing Authority will expect the applicant to consider all aspects of the operation that may affect crime and disorder

It should be noted that this list is not intended to be exhaustive. It may be appropriate for the applicant to consider other steps. Equally, the Licensing Authority recognises that not all the items in the list will be applicable to all premises.

Members will of course be mindful that the Policy covers all types of premises in all types of location, and that not all the measures referred to above will be relevant to all premises.

Members are reminded that they should consider each application on its merits, and in the light of all the written and oral information before them at the hearing.

Natural Justice and Human Rights

Members are reminded that they must follow the rules of natural justice, and must also consider human rights implications.

In particular, in accordance with Article 6, all parties are entitled to a fair hearing.

Consideration also needs to be given to the right to respect for private and family life and home, contained within Article 8, although this is a qualified right, and interference is permitted where this is in accordance with the law, or is necessary in a democratic society in the interests of public safety or the prevention of crime and disorder, or for the protection of the rights and freedoms of others. Article 1 of the possessions, although again this right is qualified in the public interest.

Conclusion

Members should consider whether to grant the application for variation, modify any conditions of the licence or to reject the whole or part of the application. Members are reminded that they should state the reasons for their decision.
