

Ron CROFT

PLATE 902

11/1/18

Dear Sir/madam.

In recent events connected to my taxi license expiring the main reasons for this are I tried to get a new taxi as mine was getting a little old I arranged a meeting with Rayrigg Motors, but unfortunately I was declined, so I had to get my taxi ready for the test I didn't know you had to get the papers in before my test I thought you had to have it ready for the test then put all your papers in I do offer my apologies for this I honestly didn't know. If I had known about the rule I would have put all the paper work in at the P.T.O.

right time

Please would you look
into this matter so I can have
my plate back once again
I do apologise for any
convenience I have caused.

Yours

(Rogoff)
