1. Overview

- 1.1. The corporate financial monitoring report for Quarter 2 is attached at **Appendix A**. The headline messages are as follows:

- A current General Fund net underspending of (£120K), However should spending progress as currently forecast, a net overspend in the region of £93K could be experienced by year-end, once agreed funding from the Councils reserves is applied. Officers are currently reviewing all estimates as part of the 2019/20 budget setting process. Efforts are focusing on addressing this position, either through generating additional income or through achieving expenditure savings. However, should a net overspending still be forecast then General Fund unallocated balances would need to be used to fund it.
- The Housing Revenue Account is currently underspent by £27K, and this is expected to increase to £66K by the year end. The key message relates to the significant improvement in void property turnaround times, which has led to forecast additional rental income of £100K.

- 1.2. An update on Salt Ayre is included at **Annex B**.

- 1.3. Progress against the savings measures approved as part of the 2018/19 budget is detailed within **Annex C**. This progress is allowed for in the overall headline figures quoted above.

- 1.4. To support corporate financial monitoring, the latest Treasury Management update report is included at **Appendix B**.
