Details of Decision:			
To allocate up to £50,000 from the Council's renewal reserve to fund the removal of two Council owned bridges over Burrow Beck. To be replaced with bridges of a design that will improve water flow under the bridges.			
Reasons for the decision:			
To take action to contribute to the mitigation of flooding of property in this area. Properties in this area have been flooded on at least three occasions in the last three years. On the 5 th August 2020 a contributory factor was a blockage of washed down branches and a pedestrian barrier against a city council owned bridge at Lentworth Drive, Lancaster. The replacement bridges will be designed in such a way as to improve water flow during peak rainfall.
