Q6 | Please answer for the following recommendations if you would support/not support/have no opinion

To put a restriction on continuing to drink alcohol in public, whilst behaving in an anti-social manner, when requested by the police or other authorised person not to do so.

To put a restriction on a person or a group of people behaving in an anti-social manner in the area covered by the order, or land next to the order or to a person living nearby.

To put a restriction on a person ingesting, injecting smoking or otherwise of an intoxicating substance.

To restrict access by means of lockable gates to the alleys in Morecambe town centre (Back Lines St, Back Pedder St and Tunstall St (part)) to reduce incidents of fly-tipping and other anti-social behaviour.

Q7 Please let us know if you have any other comments about the proposed PSPO's

I would like it extending in Lancaster Town center to include the bench at the end of Sibsey St this is a hub for this type of behaviour

Anonymous

If there are no consequences to people's actions, they won't stop doing it.

Lancaster City Council needs to secure Frontierland

Anonymous

8/24/2021 12:41 PM

All alleys in Morecambe need gates or a specific cleaning team hired to keep these areas clear of litter and fly tipping. Cameras may also help

Anonymous

8/24/2021 12:43 PM

I believe having an overall restriction of the consumption of alcohol on the beach is unfair to people who intend to consume it sensibly. I believe the statement is too general as consumption of alcohol is legal, whereas other substances is not. I think having the ability to prevent anti-social behaviour is great. However, having a total ban will prove frustrating as a result of suffering the consequences due to a minority of people ruining a fantastic social spot, where friends and family may want to get together and enjoy a few drinks on the beach.

Anonymous

8/24/2021 12:56 PM

Previous PCSO's were not supported by appropriate Police enforcement. Nor were they supported by LCC legal department. This needs to be agreed by all parties before the PSPO is applied for or they will be a waste of time.

Hold landlords responsible for the state of back streets behind their property

Anonymous

8/24/2021 01:06 PM

I'd also like to see a restriction on begging in the street - the City Council has a strong homeless support team and Street Aid is established to support those in genuine need. The overwhelming majority of those begging in the city centre are not street homeless

and their issues can be exacerbated through access to easy money from sympathetic public who believe they are helping. The same individuals can be seen begging in city centre doorways for months - they need support to leave the streets instead of access to easy money to stay.

Start arresting and PROSECUTING teenage jobs.

Anonymous

8/24/2021 01:25 PM

Excellent idea which should be fully supported increase in public CCTV as well ..

Anonymous

8/24/2021 01:28 PM

We have been asking for gated alleys for years! Also better supervision of smaller parks like Alexandra park. Also to have CCTV which is actually monitored!

Anonymous

8/24/2021 01:40 PM

Such limitations can lead homeless people and young people to feel unwelcome and unsupported. We need better solutions. Littering seems a separate issue and can surely be managed without a general pspo

Anonymous

8/24/2021 01:41 PM

It's all very well and good instigating Public Space Protection Orders, but that doesn't get to the root causes of the problem, it just masks the symptoms. What support do the council intend to provide to vulnerable groups in order to prevent the undesirable behaviour in the first place?

Anonymous

8/24/2021 01:44 PM

Long overdue. The continuing malevolent presence of these people, often mixing with young teenage children, almost always severely intoxicated and begging for cash has cast a shadow over Lancaster city centre. The police seem to have been taking more of an interest in recent weeks but it's merely curtailed some of the activity, as soon as they depart the centre these people instantly return. Furthermore they're now waiting in areas like Sun Square and the hidden alley ways until the police depart.

Anonymous

8/24/2021 01:45 PM

Please try to sort out the "feral" people who don't care what they do because they know the chances of being caught are slim and in the event of getting caught the result is a slap on the wrist, try to get the parents to take responsibility for their offspring. An increase in police officers would help because the number we have are

doing their best with what they have.

Anonymous

8/24/2021 01:45 PM

theres a group of regular people that drink alcohol and talk drugs out in the open in the areas i have mentioned above this ALWAYS leads to fighting/shouting/ urinating on down the alleys near by, ambulances and police being called

Anonymous

8/24/2021 01:48 PM

down this alley it is used for fly-tipping daily, people urinate down there, openly take drugs,

Anonymous

8/24/2021 01:58 PM

It's disgusting at the moment. Embarrassing to bring friends and guests into the town centre.

Anonymous

8/24/2021 02:24 PM

so long as these orders are not mis-used and lead to our democratic rights to demonstrate and march in our public spaces being curtailed, which i fear they will be.

Anonymous

8/24/2021 03:23 PM

Sitting in Market Square eating my lunch on a sunny day should be a peaceful experience. Not blighted by drunks and those under the influence of drugs. Arguing with each other and pestering other people from money or cigarette.

Anonymous

8/24/2021 03:23 PM

we've got alleygates next to our shop on yorkshire street, doesn't stop people who have access to it fly tipping. Reported it, and still there 2 months later

Please consider adding the playground, green space and tree line in Carnforth along the canal to the list of PSPOs

Anonymous

Whilst the PSPO's are a useful tool and we fully support them, they must be backed up by a Police presence with which to act upon and enforce them.

The biggest anti social behaviour is due to groups of youths with no where to go. LCC need to set up some meeting places where their energies can be channeled - boxing clubs athletic clubs, canoeing, music etc, but with nominal charges as it can be the poorer end of society who are gathering on the streets.

Anonymous

8/24/2021 05:23 PM

We must have closure of alleyways. Drug dealing has reached horrific proportions. The area of Back Crescent is awful, dealing is taking back behind The Crown Hotel in the road there and the white gated areas next to the Victoria Market, dealing happening in bin area behind homes that are effectively in Skipton Street

Anonymous

8/24/2021 05:25 PM

The amount of kids that think leaving massive piles of rubbish lying around or smashing the windows in the village bus stop just beggars belief! Something needs to be done to sort this.

Anonymous

8/24/2021 05:30 PM

Lancaster seems to now have a very high percentage of street drinkers, overt drug use and homeless or 'sofa- surfing' individuals. Not only is this a blot on our beautiful historic city, intimidating for local people and visitors. Some of these people I am pretty sure are not so much homeless but have serious problems with alcohol and drug addiction.

Anonymous

8/24/2021 05:36 PM

I recognise that a PSPO should be a last resort. There would be much less need for PSPOs if the Local Authority and the Police were/are willing to use the powers they already have. Antisocial behaviour is not just a problem in in urban areas, it is also an issue in rural areas (which, in my experience, tend to get forgotten about and/or ignored).

Fly tipping must be tackled by finding and fining people. The council cannot have CCTV everywhere. They should negotiate a deal with a supplier for resident to install a reduced prices system. Use local installers to help local trades people. I would love to see a wall of shame in the Armdale or social media sharing images to identify culprits. That is if data protection laws allow.

Anonymous

8/24/2021 07:01 PM

Regent park has a lot of youth related issues. Near bay beat there is a lot of drug taking outside the properties.

Anonymous

8/24/2021 07:52 PM

The on-street drinking, drug dealing, littering on the beach and flytipping in the alleyways has increased and become more open to a point where we are now seriously considering leaving the town, we moved to, loved and made our home. It's very sad.

Anonymous

8/24/2021 08:13 PM

I found them a little hard to understand in the wording used

Anonymous

8/24/2021 08:29 PM

I think that to have more police and PCSO's patrolling the areas would be helpful. In the last year along the prom in Heysham and Morecambe, the presence of the COVID officers was welcomed, as was the PC's on bikes. However I haven't seen either of these this summer and I do think a presence would really help, especially with more people out and about. This presence would be extremely welcomed in the woods in Heysham in an evening, as the smell of drugs and noise from large groups of youths can be intense.

Anonymous

8/24/2021 09:15 PM

I think it will be really helpful.

As a resident of Nelson Street Morecambe which backs on to Back Crescent Street I witness drunkenness, violence, assaults, drug taking, and fly tipping on a constant weekly, sometimes daily basis. Men urinate on my and my neighbours bins, walls and doors. The council never send their street sweepers down this section of alley although they have told me that they have it listed to carry out this cleaning on a daily basis. I've made numerous requests to them to reinstate it but it has never been actioned in the past two years I have asked. As a result I spend at least 1 days a week cleaning up the rubbish that's fly tipped and strewn along our section of back alley. It's depressing, angering and sometimes scary. It has a detrimental effect of residents mental health.

Anonymous

8/24/2021 11:59 PM

They should be extended to make it law that dogs must be kept on leads in Williamson Park - in the same way as it is at Happy Mount Park.

Anonymous

8/25/2021 07:27 AM

In reference to the fact that the previous PSPO's have expired- where were these?-what was done about the problems and what will be done differently once more orders are put in place to actually make a difference-because I feel the problem with homeless people and teenagers specially in the town centres is out of control-and you can smell weed everywhere-people now are reluctant to go out alone-I have personally been hassled and intimidated by homeless people in Morecambe centre twice and witnessed many more

Anonymous

8/25/2021 07:45 AM

Please focus on the West end, Alexandra Road alley ways are a bad area.

Anonymous

8/25/2021 07:46 AM

Gating the alleys in Morecambe is a divisive policy. We residents use the alleys as part of our way of life and gating them is not a solution to the problems you are trying to address.

Anonymous

8/25/2021 07:46 AM

Don't include Morecambe skatepark in the PSPO it's the only place in town that there aren't any issues. The worst place is the bus

shelter that was converted. Only ever see people in there when they're wrecking it.

Anonymous

8/25/2021 08:20 AM

This order should be extended to the centre of Bare Village. Particularly the green on Princes Crescent which may prevent the issues some businesses and staff are experiencing.

Anonymous

8/25/2021 08:28 AM

I think the orders need to be used all over and not just in the town centres. Daily drug smoking on our street means we can't even have our windows open. Also the alley behind our house is now so bad that if emergency vehicles needed to get down they wouldn't be able to.

Anonymous

8/25/2021 08:40 AM

anti-social behaviour is pervasive, because the council wouldn't take action!

Anonymous

8/25/2021 08:40 AM

Great to see this initiative - very much needed for Happy Mount Park

Anonymous

By locking some alleys doesn't that mean other alleys become the new fly tipping locations. Some of the alleys in bare are horrible

Anonymous

8/25/2021 09:52 AM

there seems to be increased instances of ASB in Happy Mount Park leaving litter, damaging seating etc and therefore leaving it in potentially dangerous state for users of the space especially small children

Anonymous

8/25/2021 10:40 AM

We back on to barrows every year we have trouble there should be a permanent restrictions on large numbers of youths that gather there taking drugs and drinking fires broken glass rubbish etc . Most dog walkers feel intimidated when large groups are up there and avoid the Place cctv would be good

Anonymous

8/25/2021 10:42 AM

I work in Lancaster City centre and I witness the hard work of the police and BID team in trying to regulate the behaviour of a small proportion of the public. Giving them additional powers would allow them to act before we get to the stage of fights, vomiting and unpleasant behaviour. It would also minimise the amount of unsafe situations that members of my team are put in whilst trying to ensure that the public can access our museum.

Starting to get very frightened by gangs of feral youths in the Bare and Happy Mount Park areas Thinking twice about going out in the evenings Something has to be done

Anonymous

8/25/2021 01:33 PM

Bare and surrounding areas including Happy Mount Park are a target for mindless vandals who seem to enjoy defacing, destroying and generally spoiling anything decent. The problem is nothing happens to them, they know they get away with whatever

destruction caused. People are frightened to intervene for fear of repercussions or reprisals. Something needs to be done, short sharp lessons, make parents pay for damage caused, offenders should be made to repair, replace or put right whatever they've done. Preferably wearing hi-vis jackets so we know why they're there, with notices circulated so we can go and watch them.

Anonymous

8/25/2021 02:15 PM

The Bare area in general is getting bad for antisocial behaviour with gangs of youths regularly intimidating local residents, many of whom are elderly and routinely damaging property, particularly Happy Mount Park.

Anonymous

8/25/2021 02:22 PM

I work in Market Square and I see everyday how the police and PCSOs have to struggle to do their jobs because of the same groups of people. We frequently have visitors commenting on these people who take drugs and drink in public, and get into fights on a regular basis in the middle of the street. I feel like allowing this to continue is putting people in danger - not only the police and PCSOs but also shop staff and people just passing by who are witness or sometimes involuntarily involved in their issues. It costs more money to have the outside of the building washed for example because someone has put graffiti on it, it's also extremely unpleasant and dangerous to have to pick up used needles or broken glass bottles. I'm sure I'm not the only person who works in Market Square who is sick of the current problem people who are allowed to continue their awful behaviour with little to no consequence. Our visitors often comment on the state of the building and the people creating issues, saying they don't want to use public amenities because they're scared of the people who frequently drink, shout and swear that are around Lancaster city centre.

8/25/2021 04:19 PM

I would like there to be consideration for traffic calming measures along princes crescent and Bare Lane. It is increasing becoming a hazard for lots of residents, older less able citizens, young families and dog walkers are struggling to cross with confidence.

Anonymous

Anonymous

8/25/2021 06:11 PM

Could the fly tipping include food outlets who overfill their rubbish bins causing rubbish and fly infestations.

Anonymous

8/25/2021 07:33 PM

Something must be done before this escalates. The local residents (Bare) are exasperated with the increase in ASB, especially in the Happy Mount Park/Elms Road/Bare Lane region. It has definitely worsened over the past 12 months. This looks like a step in the right direction.

Anonymous

8/25/2021 10:54 PM

Once again LCC are totally ignoring the desperate state of the streets and back alleys of Morecambe West End. Instewad you are concentrating on Lancaster and Central Morecambe. I really am considering withholding my council tax payments. Absolutely shocking from LCC. If YOU had to suffer from it then you would definitely take action. The West End has been neglected by you for decades.

Anonymous

8/26/2021 06:24 AM

Be firm, make sure the punishment is worthwhile, get the vermin that are causing the issues to do community service in public and if it is the teenagers, get the parents to do community service with them.

Anonymous

8/26/2021 07:33 AM

Something definitely needs to be done about the large teenage gangs roaming the area and park and the mindless damage they have caused.

Anonymous

If you put gates on back ally's in one area it will course problems in other areas of Morecambe.

Anonymous

8/26/2021 08:05 AM

The boundary line for Lancaster is not wide enough and needs to include the lower end of the Moorlands area. We have seen an increasing amount of anti social behaviour in our area that includes alcohol and drug taking and fly tipping in our back alleys.

Anonymous

8/26/2021 08:17 AM

We cannot sit in our garden most days because of drug smoking in the woods at the back of us and then youths congregating, making noise and removing fences to make fires so a pSPO would be a good idea.

Anonymous

8/26/2021 08:36 AM

Torrisholme Barrow woods is a regular meeting place for groups of youths. We regularly witness anti social behaviour. Drinking, drug use, starting fires, loud music at night, damage to householder property. Alston Drive residents affected regularly, and we need to call out fire and police services on a regular basis. I think this area should also be included in the PSPOs

Anonymous

8/26/2021 08:50 AM

I fully support all these measures I've observed so much antisocial behaviour in recent months I'm really glad something's been done about it. However I also think something positive should be done to engage those youths.

I am the Supervisor for the Charter Market (street market) in Lancaster city centre. ASB has been a persistent problem for many

years, adversely affecting the market by causing difficulties for the traders and putting off customers from visiting the market. Traders have had abuse from and witnessed verbal/physical fights between people who are drunk or under the influence of drugs. There have also been thefts and criminal damage to traders' property. There have also been incidents of rough sleepers urinating behind or on gazebos belonging to traders. Large groups of young people (teenagers, sometimes younger) have been a particular problem in Cheapside. Traders are often reluctant to report these incidents as they feel it is a waste of time.

Anonymous

8/27/2021 09:16 AM

Anonymous

8/27/2021 09:58 AM

I work at Lancaster City Museum which has been a hub of ASB for many years, alcohol and drug use plays a major part in the asb behaviour I regularly witness and have to deal with through my work. This can involve having to clear up bodily fluids, smashed bottles/litter, used needles etc. We regularly witness fights, hear foul language and have to deal with cannabis smoke/cigarette use which comes into the building- this endangers both our visitors and ourselves and tarnishes the welcome we wish to give to visitors and loses us business.

Anonymous

8/27/2021 07:42 PM

I would need to know the pros and cons of lockable gates. For example how would legitimate access be obtained. Could they be a hazard in an emergency such as a fire requiring evacuation, etc. Also I would like to see a PSPO considered for the area at Heysham Towers bus stop and the Primary Health Centre (across the road).

Anonymous

9/04/2021 09:29 PM

In my opinion, the imposition of these areas will only work if nearby residents can expect a reliable response from Police/Council when infringements take place. From my own experience, there is a very low expectation of timely Police response to reports of ASB on Quay Meadow (I cannot speak to other areas). As always, this is dependent on Police priorities at the time of the report, also bearing in mind the limited resources available to them. That said, I am strongly in favour of the concept of PSPO's, inasmuch as they might on their own offer a limited deterrent to anti-social drinking, drug-taking, and noise disturbance taking place.

Btwn local residents and environmental health officers trying to deal with kanteena's owner/management is not just a nightmare for local residents but for environmental officers. Kanteena have an attitude of they can do what they want when they want. Environmental health officers need more support from higher up in authority in the council. The venue was given a notice served on them, and they are appealing to whoever it is we local residents don't know. Please don't them win their appeal, for if they do the situation will get much worse.

Having spent over 20 years working in the tourism & hospitality industries I feel there is a notable decline in the feel of the town centre in Lancaster. Although there are a number of contributing factors to this, antisocial behaviour is a major issue, especially from those drinking, brawling and urinating on the streets in the daytime.

Begging also needs to be looked into as that is regularly happening

There is very little information about the aims and objectives of the proposed PSPOs on the web page. There are questions in the survey about littering. Is this a matter for a PSPO or is it a council street cleansing and enforcement matter that the council is clearly not allocating sufficient resource to? As the council has declared a climate emergency, perhaps it could devote some money and effort to clean and green actions across the district while it is also worrying about sea level rises and 'extinction' events. I am certain the local animals, residents and marine life would appreciate it.

If people on the streets are genuinely homeless then I would support any help that could be given to them. However if it is a lifestyle choice, changes need to made.

There has been significant and noticeable deterioration in behaviour in the City Centre, a lot of this is centred on Market Square at the Town Hall, and also outside MacDonaldis - this is leaving local residents, businesses and visitors to the city uncomfortable and threatened.

I'd like to see something around littering which has increased enormously since lockdown.

Would unlicensed individuals or groups playing loud music for prolonged periods be counted as ASB?. This has been a problem in Lancaster in the past and took considerable effort to remove.

The PSPO should never have been left to expire.

I have witnessed youth ASB and alcohol related issues in Lancaster City Centre, Williamson Park, Morecambe Town Centre and Heysham Village/Barrows.

i feel that the street drinking has be left far to long on the lancaster city center and needs the pspo back in place to support the local community and area.

I think an increase in the powers available to the police and other authorities is necessary. Sadly, there is a small minority of people, who will continue to act in an anti-social manner to the detriment of the majority.

Council should exercise their power to tell unhinged families causing disturbances in many ways than one.

Another issue relates to approval given to create Flats and HMO's in older properties which are totally unsuitable because tenants do not have access to secure space within the property boundaries to appropriately store household waste prior to collection. The only option available to such tenants is to fly-tip in public spaces within the area. The Landlords associated with these properties should be forced, by law, to remedy this position OR return the property to ONE residence.

Should also put gates on lancaster back alleys, they're also the same, full of rubbish

I would like to see the response to antisocial behaviour extend to the enforcement of existing regulations about driving, and parking, in pedestrian areas. Every evening cars drive into the pedestrian area in Lancaster city centre even though this is not legally allowed. I have never seen anyone policing this, even though there are often police personnel about. Cars without blue badges are often parked in disabled parking bays.

You need to include Regent Park in your proposals. Also let's not make empty promises.

Heysham village has been hit by youths causing ASB so having the village in the PSPO is a good idea. The youths seem to head to Heysham Barrows to drink alcohol but on route they are loud and once I witnessed them climb over my car. They also leave rubbish on the village play park.

Body cams for all PSPO's would be a great benefit in support in there work with the public and especially with anti social behaviour.
