

## **Lancaster City Council's Equality Impact Assessment Guidance and Form**

### **What is an equality impact assessment?**

An equality impact assessment is a way of understanding the impact that a new way of doing things might have on members of our community, in particular people from protected groups. This could be a new service, practice, policy, strategy, project or decision.

Protected groups include age, disability, faith, religion or belief, gender (including marriage, pregnancy and maternity), gender reassignment, race and sexual orientation (including Civil Partnership).

Please note: the impact on rural communities and people on low incomes must also to be considered.

### **Why do I need to carry out an equality impact assessment?**

Part of the council's core purpose is to *'provide a range of customer focused services and offer value for money and meet the needs of people who live, work and visit the district' and to 'maintain a cohesive community by ensuring we understanding the needs of our communities and provide equality of access to our services and employment opportunities'*.

It is therefore important that we collect and use information about our community to help us to understand how service changes and decisions might impact on the local community.

Our corporate *Ethos* makes it clear that in our stewardship role the council has a responsibility for *'ensuring the social, economic and environmental wellbeing of the local area'* and that in terms of social justice that *'the values of local government are founded on equality and meeting community needs'*.

Therefore we should consider how everything we do will impact on the communities that we serve. This should lead to more informed decision making, more customer focussed, cost effective, efficient services for local people.

When delivering services and employment, the council has a general equality duty to consider the need to:

- Eliminate unlawful discrimination, harassment, victimisation or other unlawful conduct prohibited by the Act
- Advance equality of opportunity between people who share a protected characteristic and those who do not
- Foster good relations between people who share a protected characteristic and those who do not.

### **How do I carry out an equality impact assessment?**

A simple form has been developed to assist services with carrying out equality impact assessments.

The form provides a consistent approach to equality impact assessment, however, it is more important that we consider how everything we do will impact on the local community and that action is taken to mitigate impact. The form provides a way of recording this.

The council's 'getting to know our communities' data will help services to assess potential impact on protected groups. This provides both local and national statistics and is available on the Elsie equality and diversity page (via HR).

All councils have to produce similar information, therefore it may be useful to do a web search rather than starting from scratch.

An example of a completed form is also available on the Elsie equality and diversity page (via HR).

### **When do I need to carry out equality impact assessment?**

Equality impact assessment should take place when considering doing something in a new way.

For example:

- A change in a current service or introduction of a new service
- The review of a current policy/strategy or the development of a new policy/strategy
- The start of a new project or when making a decision.

A decision making flow chart is available on the Elsie equality and diversity page (via HR).

An equality impact assessment form will need to be completed as an appendix to decision making committee reports eg Cabinet, Council.

Please note: the outcomes of your equality impact assessment should be used to inform your reports.

Please refer to the report writing guidelines on Elsie or contact democratic services for advice on this.

### **Who should carry out equality impact assessment?**

An equality impact assessment should be carried out by the officer leading on above examples.

### **Who can I contact for support and guidance?**

Equality impact assessment support is available from the HR and Organisational Development Team.
