<p>Details of Decision: To approve the completion of the procurement process and the commitment of reserve funding to implement and deliver a new housing management system for the council housing service.</p>			
<p>Reasons for the decision: Current systems are at end of life, no longer fit for purpose, and in some cases due to become obsolete and no longer supported by providers. System replacement is a planned replacement of housing systems for which an earmarked reserve is in place. The decision to commence purchase and implementation of the new system is critical in ensuring the housing service meets the needs of regulatory standards, and provides a customer facing, multi-channel, fit for the future service.</p>			
<p>IS THE DECISION URGENT Yes/No</p>			
<p>I confirm that I have taken account of the options proposed by officers, the various implications set out in the report and the comments of the Monitoring and Section 151 Officers and am authorising the decision as set out above.</p>
