Policy Aim

This policy's aim is to acknowledge the importance and value of complaints in improving our services.

To ensure that feedback is handled in a manner that supports the council's approach to providing user focused services and with any other relevant legal and policy requirements.

To provide a clear route by which customers can give feedback about the service they have received from the council.

To ensure feedback is dealt with fairly, promptly and sensitively.

To promote a culture of continuous learning and using feedback to continuously improve our services.

To ensure a consistent, effective and timely approach to complaints handling.

Introduction

Lancaster City Council welcomes all feedback from customers on how our services can be improved. Whilst this policy focuses on complaints, it is recognised that staff frequently receive compliments and letters of appreciation. These positive comments are highly valued by the council as evidence of its commitment to providing excellent services.

On some occasions, however, customers may not be satisfied with a decision made by the council, the provision of a service or an action taken on an individual case. This document sets out the corporate complaints policy.

The provisions of this policy applies across the council, and all relevant feedback will be dealt with in accordance with it.

This policy will be openly publicised on the council's website or by request from Customer Services.

Lancaster City Council will deal with complaints fairly, thoroughly and sensitively and aim to address any problems raised at the earliest stage possible. Staff will be empowered to try and solve any difficulties reported by customers without recourse to the formal procedure.

1. What is a complaint?

We adhere to the Local Government Ombudsman and Housing Ombudsman definition of a complaint. Therefore we consider a complaint to be:

“An expression of dissatisfaction, however made, about the standard of service, actions or lack of action by the organisation, its own staff, or those acting on its behalf, affecting an individual or group of individuals.”

Therefore a tenant or resident does not have to use the word ‘complaint’ for it to be treated as such

Service Requests

The council recognises that there is a difference between a service request and a complaint.

A service request is a request from a customer to the council requiring action to be taken to put something right.

An example of this could be; raising a housing repair for a Lancaster City Council Tenant, or to collect a Bin that had been missed during a collection.

Service requests are not complaints, but they will be recorded, monitored and reviewed regularly.

If this is the first time you are reporting an issue to us, we may decide to treat this as a request for service, unless dissatisfaction is expressed. Once recorded, incoming feedback is reviewed by our Customer Service team, who ensures the matter is recorded correctly.

A complaint is raised when a customer expresses dissatisfaction with the response to the service they have already received or their service request, even if handling the service request remains ongoing. The council will not stop its efforts to address the service request if the customer complains.

Exclusions

Complaints will be accepted unless there is a valid reason not to do so. Below is a list of the reason why a complaint may not be investigated.

- Day to day service requests or the initial reporting of faults, where no clear complaint has been made.
- Disagreements with the Council's policies where the complaint is not based on an alleged failure to follow due process or a misapplication of that policy.
- Complaints only about the amount of Rent, Service Charges, or Fees (or the size of an increase), where there is no claim of an error in the way the charge was set or calculated.
- Complaints against individual employees which arise from dissatisfaction with a council policy or decision, and where no other basis for the complaint exists.
- Appeals against any council advice, actions, or decisions in its capacity as a regulator where a statutory right of appeal or other council appeals/review procedure exists.
- Appeals concerning a matter where an alternative appeal/review procedure exists, such as an appeal within the council or to an independent tribunal (e.g., the awarding of Housing Benefits).
- Matters that have previously been investigated and responded to under the complaints policy. and has exhausted the complaints process with no new information or evidence being provided.
- A matter which is, or could be reasonably be expected to be, the subject of Court or tribunal proceedings. Challenge of a Council or Committee decision would generally be by way of Judicial Review.
 - Please note that complaints can be raised up until the point legal proceedings have been filed.
- Complaints that are in the hands of the council's insurers where no other basis beyond compensation can be found.
- Complaints which constitute a refusal to accept a rule of law which the council is applying.
- Complaints about the conduct of councillors. These should be submitted in writing to the Monitoring Officer.

Complaints will be accepted if referred within 12 months of the issue occurring or the resident becoming aware of it, unless excluded on other grounds

If the Council decides not to accept a complaint, then a detailed explanation will be provided setting out the reasons why the matter is not suitable for the complaints process and the right to take that decision to the Ombudsman.

Data Protection-Related Complaints

Data Protection related complaints will be dealt with in consultation with the council's Information Governance Officer considering the council's statutory obligations and information security policies.

Statutory Power

It is recognised that the Local Government Social Care Ombudsman (LGSCO) and the Housing Ombudsman (HO) have different statutory powers.

The LGSCO code is voluntary and will not be enforced however the HSO has the power to issue codes of practice and guidance as well as the power to investigate and take enforcement action against non-compliant providers.

Complaints about discrimination

In the case of complaints about discrimination concerning the protected characteristics under the Equality Act 2010 (i.e., race, religion, or belief, disability, sexual orientation and gender identity) the council will take into account its obligations under the Act and related corporate policies and objectives on equality.

2. When can a complaint be made?

2.1. With complaints it is far easier to find out what happened and put things right if they are received soon after they occur.

As time passes it becomes harder for us to investigate events fairly and fully – people's memories fade, staff who were involved leave the council, or records may no longer be available.

For these reasons, the council will accept complaints made within twelve months of the resident being made aware of the issue or the issue occurring.

The council will however, apply discretion to accept complaints made outside of this time limit.

3. Who can make a complaint?

- 3.1. Any individual or organisation that uses or receives a council service can make a complaint.
- 3.2. A complaint can be made on behalf of the service user by a councillor, advice worker, solicitor or other third party. In some cases (e.g., where the complaint comes from a private individual, whether a relative of the complainant or not) evidence will be needed that the complainant both knows of and consents to the complaint being made and is happy for information on this matter to be shared with the third party. A third party consent form should be signed and returned to the council prior to commencing any investigation.
- 3.3. Elected members are encouraged to use the complaints procedure on behalf of their constituents, as the monitoring and feedback provided is valuable to Services. Complaints raised by elected members are subject to the same requirements for consent.
- 3.4. Complaints received anonymously will be considered by the Service concerned, any investigation being proportionate to the potential outcome

4. How can a complaint be made?

- 4.1. Complaints can be made in person, over the telephone, in writing, by email and digitally
- 4.2. When an issue is recorded at Stage 1 of the complaints process the scope of the complaint will be agreed with the complainant and a record of this will be taken by the complaint handler.
- 4.3. The council is committed to working within the Equality Framework for Local Government and will make facilities available to assist customers in making a complaint including translation facilities, home visits and information being made available in other formats as necessary. The council will also consider any requests to make the complaints policy available in an accessible format.

5. Overview of the complaints procedure

The council operates a two-stage system for handling complaints. Stage One handles the initial complaint and its response from the council. Whereas Stage Two is for escalating complaints should you feel unhappy with the initial Stage One response.

Stage 1 Complaints

- 5.1. A senior officer within the Service subject to the complaint should deal with the complaint and inform the complainant in writing of their findings and decision. For appeals against the council in its capacity as a regulator the officer will not have been involved in the decision or action against which the appeal is being made.
- 5.2. The complainant will be advised of any further steps which they may take if they are not satisfied with the decision. The council will normally only review complaints if the complainant responds to the decision letter within 28 days requesting further escalation of their complaint.
- 5.3. If the complainant request their complaint be escalated, it will then be dealt with at Stage 2 of the formal complaints process.
- 5.4. A full list of standards and timescales is included in section 6.

Stage 2 Complaints

- 5.5. Residents are not required to provide reasons for escalation to Stage 2

The review should be undertaken by a Chief Officer (or their delegated senior officer). This should not be the same person who investigated the Stage 1 complaint, and should not be the subject of the complaint. They will review the adequacy of the stage 1 response, as well as any new and relevant information not previously considered.

In some circumstances, where appropriate, the Chief Officer for the Service subject to the complaint, may undertake a Stage 2 complaint review, however, this is will be reviewed and agreed upon by the Senior Leadership Team. Please be aware that Stage 2 is not a more thorough, detailed investigation of the complaint

- 5.6. Complainants will be advised of any further steps which they may take if they are not satisfied with the outcome of the review of their complaint. In that they may refer their complaint to an appropriate statutory or local body. This is usually the Local Government Ombudsman or Housing Ombudsman (dependent on the service the complaint is about).

6. Standards for responding to complaints

Stage 1 Complaints

- 6.1. The officer assigned to investigate and address the complaint must establish contact with the complainant to ensure a comprehensive understanding of the issue/s.
- 6.2. Complaints should be acknowledged, defined and logged at Stage 1 of the complaints procedure within 5 working days of the complaint being received.
- 6.3. Acknowledgements of Stage 1 complaints will include an account of the landlords understanding of the complaint, and which areas we are responsible for, along with the outcomes a resident is seeking. If any aspect of the complaint is unclear we will contact the tenant for clarification.
- 6.4. The Officer responding to the complaint must issue a full response to stage 1 complaints within 10 working days of the complaint being acknowledged. The complaint response should be provided to the resident when the outcome and actions required are known, not when outstanding actions are completed.
- 6.5. If an extension to the response timescale is required, the Officer handling the complaint will inform the complainant as soon as possible. This communication will include:
 - The revised expected timescale for the response;
 - A clear explanation of the reason for the delay; and
 - Contact details for the relevant ombudsman service.

Any extension will not exceed 10 working days unless there is a strong and justifiable reason to do so. Any extension beyond this timescale must be agreed along with suitable intervals to keep the resident updated.

- 6.6. Acknowledgements of Stage 2 complaints will include an account of the landlords understanding of the complaint, which areas we are responsible for, along with the outcomes the resident is seeking. If any aspect of the complaint is unclear we will contact the tenant for clarification.

7. Raising Additional Complaints

- 7.1. If a complainant raises additional concerns while their original complaint is still under investigation, Lancaster City Council will assess how best to manage the new issues in a fair and timely manner.
- **Related Issues:** If the additional concerns are related to the original complaint and the Stage 1 response has not yet been issued, they will be incorporated into the ongoing investigation and addressed within the same response.
 - **Unrelated or Late Issues:** If the Stage 1 response has already been issued, or if the new concerns are unrelated to the original complaint, the new issues will be logged and handled as a separate complaint.
 - **Avoiding Unreasonable Delay:** Where including additional issues would cause an unreasonable delay to the original complaint response, the new issues will be logged separately to ensure timely resolution of both matters.

8. Complaints Involving Multiple Services

- 8.1. Where a complaint covers more than one service a single council reply should be provided, and this should be co-ordinated by the Service which is the subject of the majority of the complaint

9. Complaints Involving Third Parties

- 9.1. Where there is a complaint about a service which the council is responsible for, but which is delivered by a third party, the council remains accountable for any service failure.

- 11.1. The council aims to treat all complainants fairly and will, as far as possible, ensure that the substance of any complaint is addressed. However, the council also has a duty to effectively manage public funds by ensuring resources expended on handling complaints are proportionate.

11.2. Where the council considers a complainant unreasonably persistent, it will take action to restrict their access to the council's complaints procedure. Examples of unreasonable actions and behaviours include:

- Refusing to co-operate with the complaints investigation process;
- refusing to accept that certain issues are not within the scope of the complaints procedure;
- making unjustified complaints about staff who are trying to deal with the issue, and seeking to have them replaced;
- changing the basis of the complaint as the investigation proceeds;
- introducing trivial or irrelevant information at a later stage; frequent, lengthy contacts and repetitive information;

12.3. Where follow up action is promised the person responding to the complaint should ensure that this is carried through, with actions being recorded.
