

Equality Impact Assessment

This **online** equality impact assessment should:

An equality impact assessment should take place when considering doing something in a new way. Please submit your completed EIA as an appendix to your committee report. Please remember that this will be a public document – do not use jargon or abbreviations.

Service

Title of policy, service, function, project or strategy

Type of policy, service, function, project or strategy: Existing ☒ New/Proposed ☐

Lead Officer

People involved with completing the EIA

Step 1.1: Make sure you have clear aims and objectives

Q1. What is the aim of your policy, service, function, project or strategy?

To set council housing rents in line with current regulation, and in order to complete the HRA budgeting process which sets out ambitions for the housing service over the short and medium term. The proposed rent increase for 2026/27 is 4.8% (CPI + 1% - in line with Government rent setting policy).

Q2.

Who is intended to benefit? Who will it have a detrimental effect on and how?

The setting of council housing rents, and the budgeting process which derives from it, affects council tenants and other residents within the district. The aims of the housing service involve tenancy, estate, and asset management, but also an investment in communities and neighbourhoods and the delivery of social value. Prudent rent setting underpins this. The potential for a detrimental impact exists as an increase in rent will put pressure on those individuals in, or at risk of, financial hardship, particularly in the context of current widely understood cost-of-living pressures. It should be noted that rent levels (set at 'social rent') will remain well below both market rent and 'affordable rent' (80% of market) and well below the Local Housing Allowance (LHA) level for the district: the LHA is the maximum amount payable through Housing Benefit or the housing element of Universal Credit. Where tenants are at risk of detriment the Council's in-house Income Management Team takes a pro active, supportive approach to preventing rent arrears and promoting financial inclusion through money advice, referrals for support, and assistance in maximising income (through benefit claims, or advice on management of other debts, for example). The Income Management Team is Housing Quality Network (HQN) accredited and delivers a best practice approach in this area. The team also works closely with internal colleagues and external partner organisations to support tenants and tenancy success generally: internally the Housing Support Team, the Energy Support Officer and the Independent Living Team provide dedicated support to those who need it.

Step 1.2: Collecting your information

Q3. Using existing data (if available) and thinking about each group below, does, or could, the policy, service, function, project or strategy have a negative impact on the groups below?

Equality Impact Assessment

Group	Negative	Positive/No Impact	Unclear
Age	☐	☒	☐
Disability	☐	☒	☐
Faith, religion or belief	☐	☒	☐
Gender including marriage, pregnancy and maternity	☐	☒	☐
Gender reassignment	☐	☒	☐
Race	☐	☒	☐
Sexual orientation including civic partnerships	☐	☒	☐
Other socially excluded groups such as carers, areas of deprivation	☐	☒	☐
Rural communities	☐	☒	☐

Step 1.3 – Is there a need to consult!

Q4. Who have you consulted with? If you haven't consulted yet please list who you are going to consult with? Please give examples of how you have or are going to consult with specific groups of communities

Tenants have been consulted through Tenant Voice and the Council Housing Advisory Group at the end of January 2026. Information on this is considered within the body of the report.

Step 1.4 – Assessing the impact

Q5. Using the existing data and the assessment in questions 3 what does it tell you, is there an impact on some groups in the community?

Age: No significant impact directly related to this group
Disability: No significant impact directly related to this group
Faith, Religion or Belief: No significant impact directly related to this group
Gender including Marriage, Pregnancy and Maternity: No significant impact directly related to this group
Gender Reassignment: No significant impact directly related to this group
Race: No significant impact directly related to this group
Sexual Orientation including Civic Partnership: No significant impact directly related to this group
Rural Communities: No significant impact directly related to this group

Step 1.5 – What are the differences?

Q6. If you are either directly or indirectly discriminating, how are you going to change this or mitigate the negative impact?

No areas of discrimination based on protected characteristics have been identified. Individuals in challenging financial circumstances are at risk of indirect discrimination as outlined in Q2 above, but this is not linked to any specific characteristics outlined in Q5 above. Mitigation of this risk is outlined in Q2: tenancy health checks, and monitoring of rent accounts and related financial circumstances of tenants will allow a support and assistance to be provided as required.

Q7.
Do
you

need any more information/evidence eg statistic, consultation. If so how do you plan to address this?

Equality Impact Assessment

No.

Step 1.6 – Make a recommendation based on steps 1.1 to 1.5

Q8. If you are in a position to make a recommendation to change or introduce the policy, service, function, project or strategy, clearly show how it was decided on.

The Equality Impact Assessment concludes no adverse impact on individuals on the basis of a protected characteristic as above. However, it is noted that all individuals and groups, regardless of protected characteristics, may be adversely impacted by a rent increase. As per Q2, above, where individuals are adversely affected there is mitigation in place.

Q9.
If

you are not in a position to go ahead, what actions are you going to take?

N/A

Q10. Where necessary, how do you plan to monitor the impact and effectiveness of this change or decision?

Continuous weekly monitoring of rent accounts takes place to highlight areas of negative impact. A programme of pre-tenancy assessment, tenancy health checks, tenancy audits, advice, and support is in place to identify those at risk of detriment prior to tenancy commencement.
