PLANNING REGULATORY COMMITTEE UPDATE REPORT

Any additional information received since the main agenda was printed and published is contained in this report. Officers have prepared a summary update for each application on this agenda where further information, additional representations, points of clarification, or corrections are relevant to the determination of the application.

This report must be read in conjunction with the agenda available [here](#) and the [main written reports pack](#) together with our approach in relation to Community Safety implications, Local Finance Considerations and Human Rights, as set out in the main agenda.
